

"if my life means nothing to this world,
at the very least,
i can be a part of someone else's life"

WHAT TO EAT?

NU NUKU AP

PEOPLE WON'T LAST FOREVER...

I WON'T LAST FOREVER...

EVERYTHING WILL END...

AND THE LITTLE TIME I DO HAVE...

I SPEND IT...

CLOSING THE PEOPLE I CARE ABOUT.

WHAT?

AKHIR.

END.

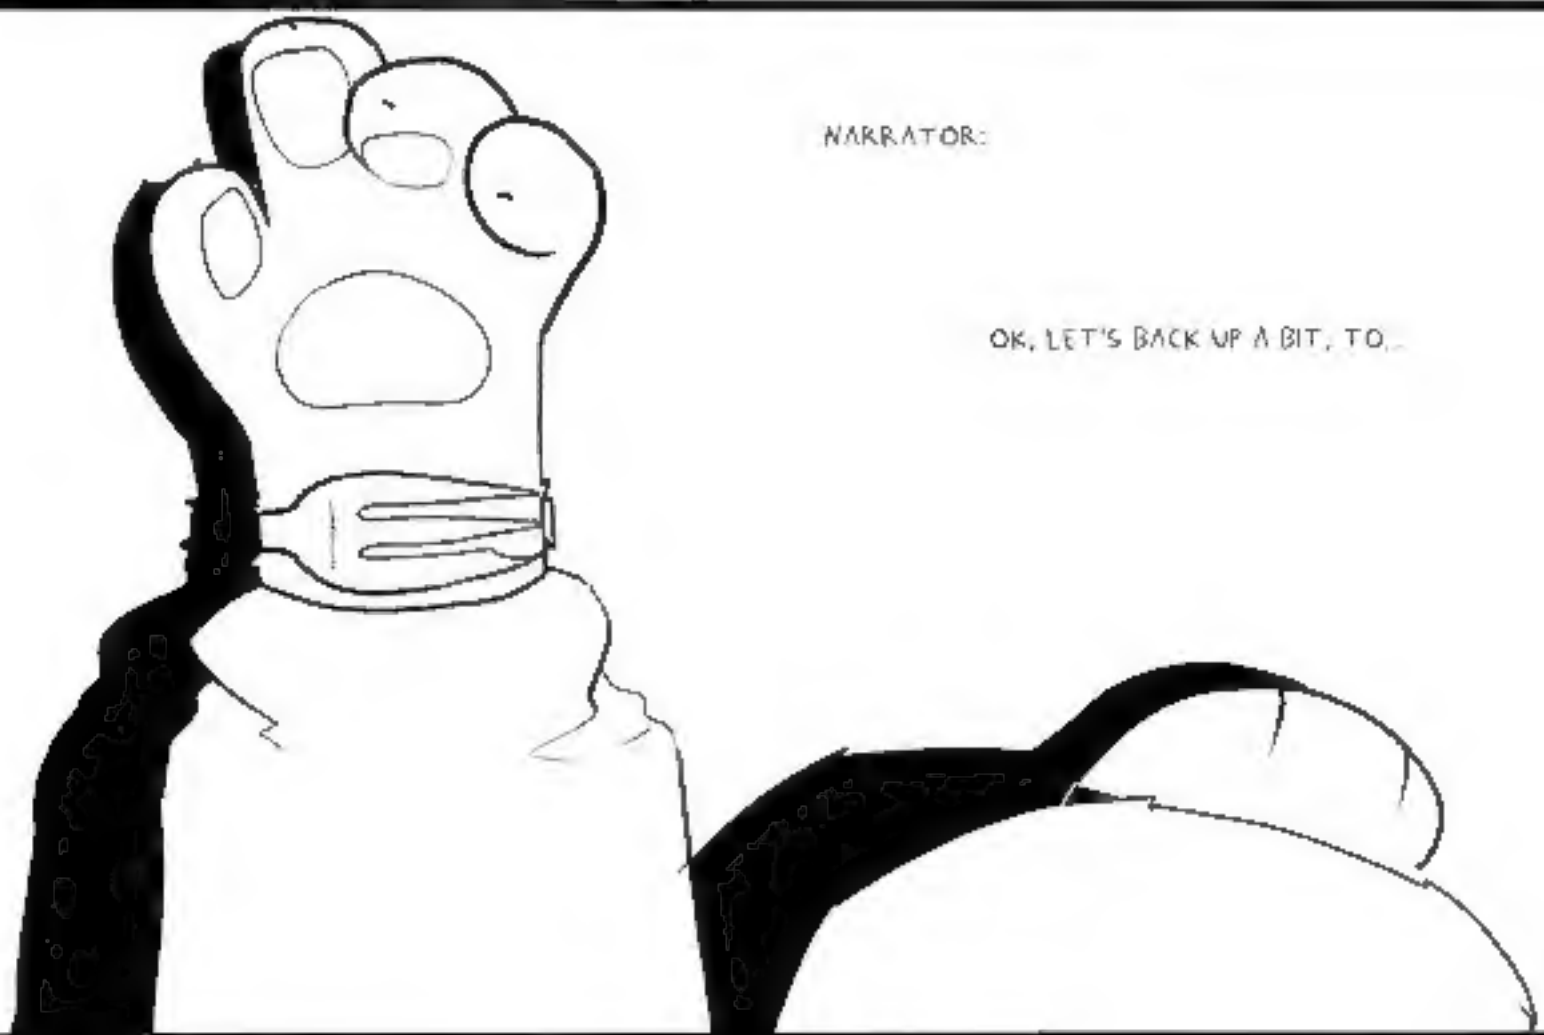

NARRATOR:

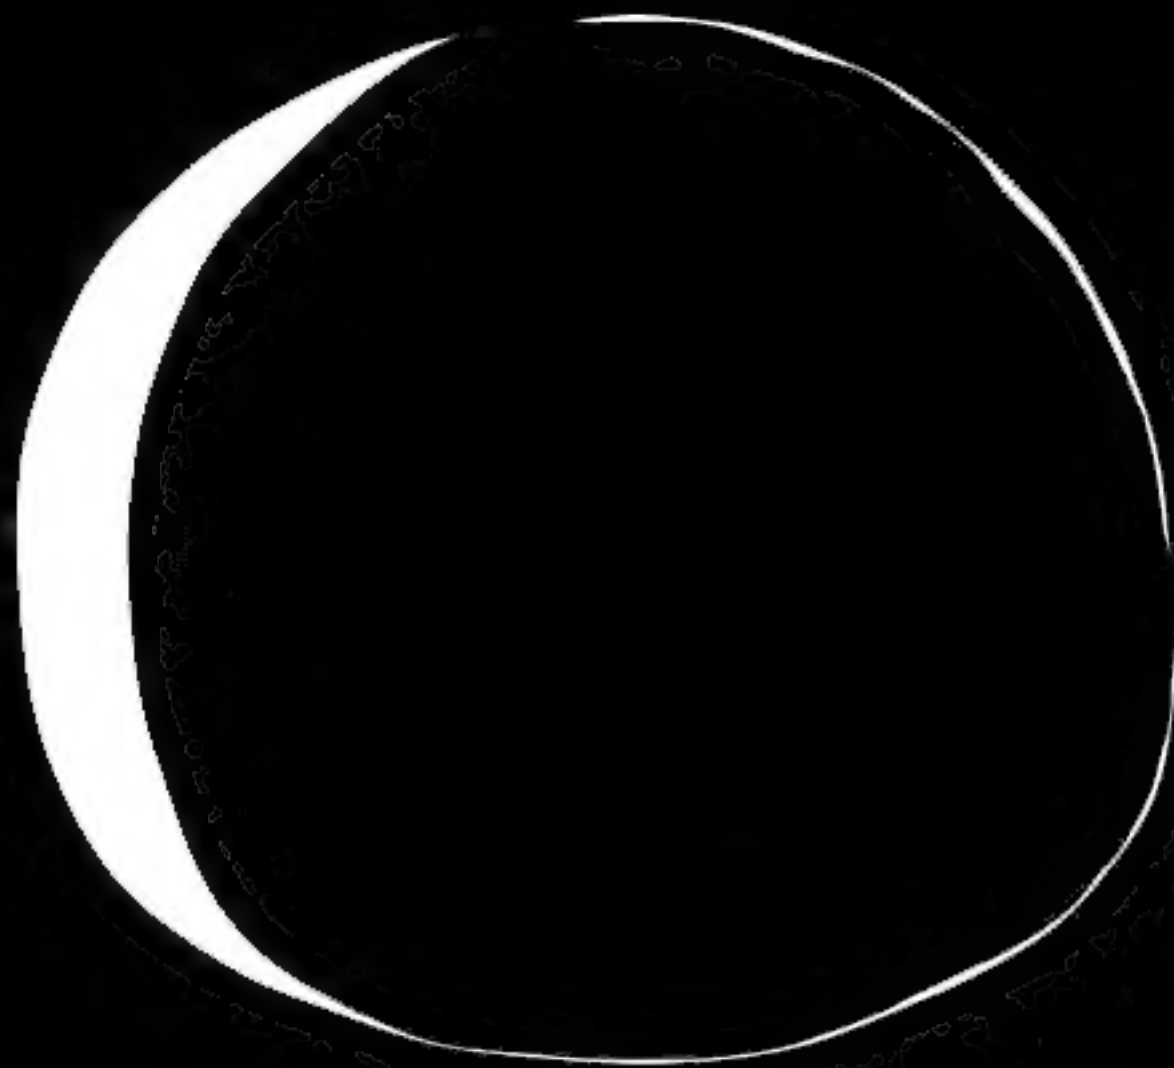

WANNA START FROM THE
BEGINNING?

NARRATOR:

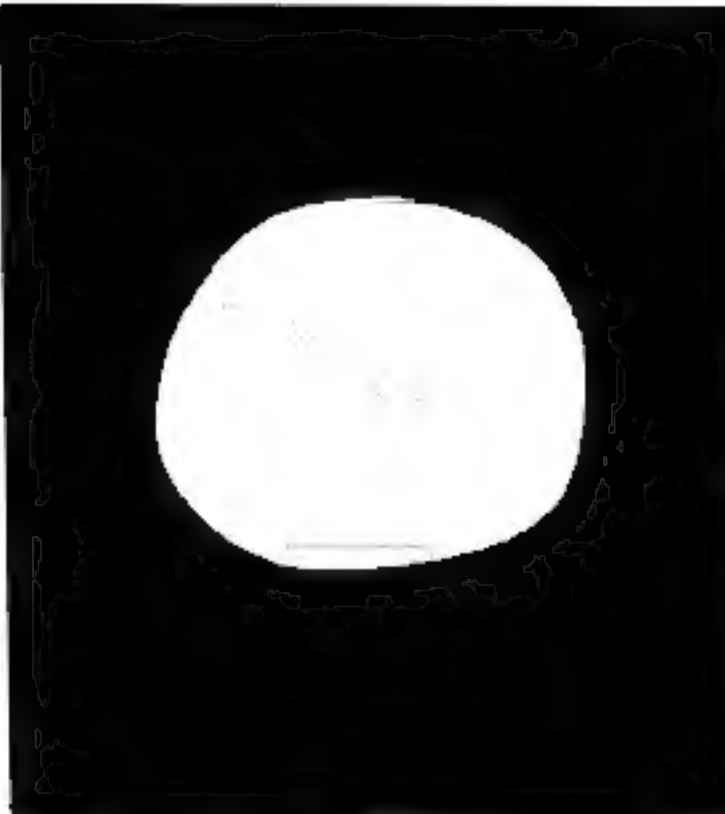

OK, LET'S BACK UP A BIT, TO...

EARTH 100,000 YEARS AGO

UHH... SEEMS LIKE WE WENT BACK A BIT TOO FAR... BUT IT'S FINE

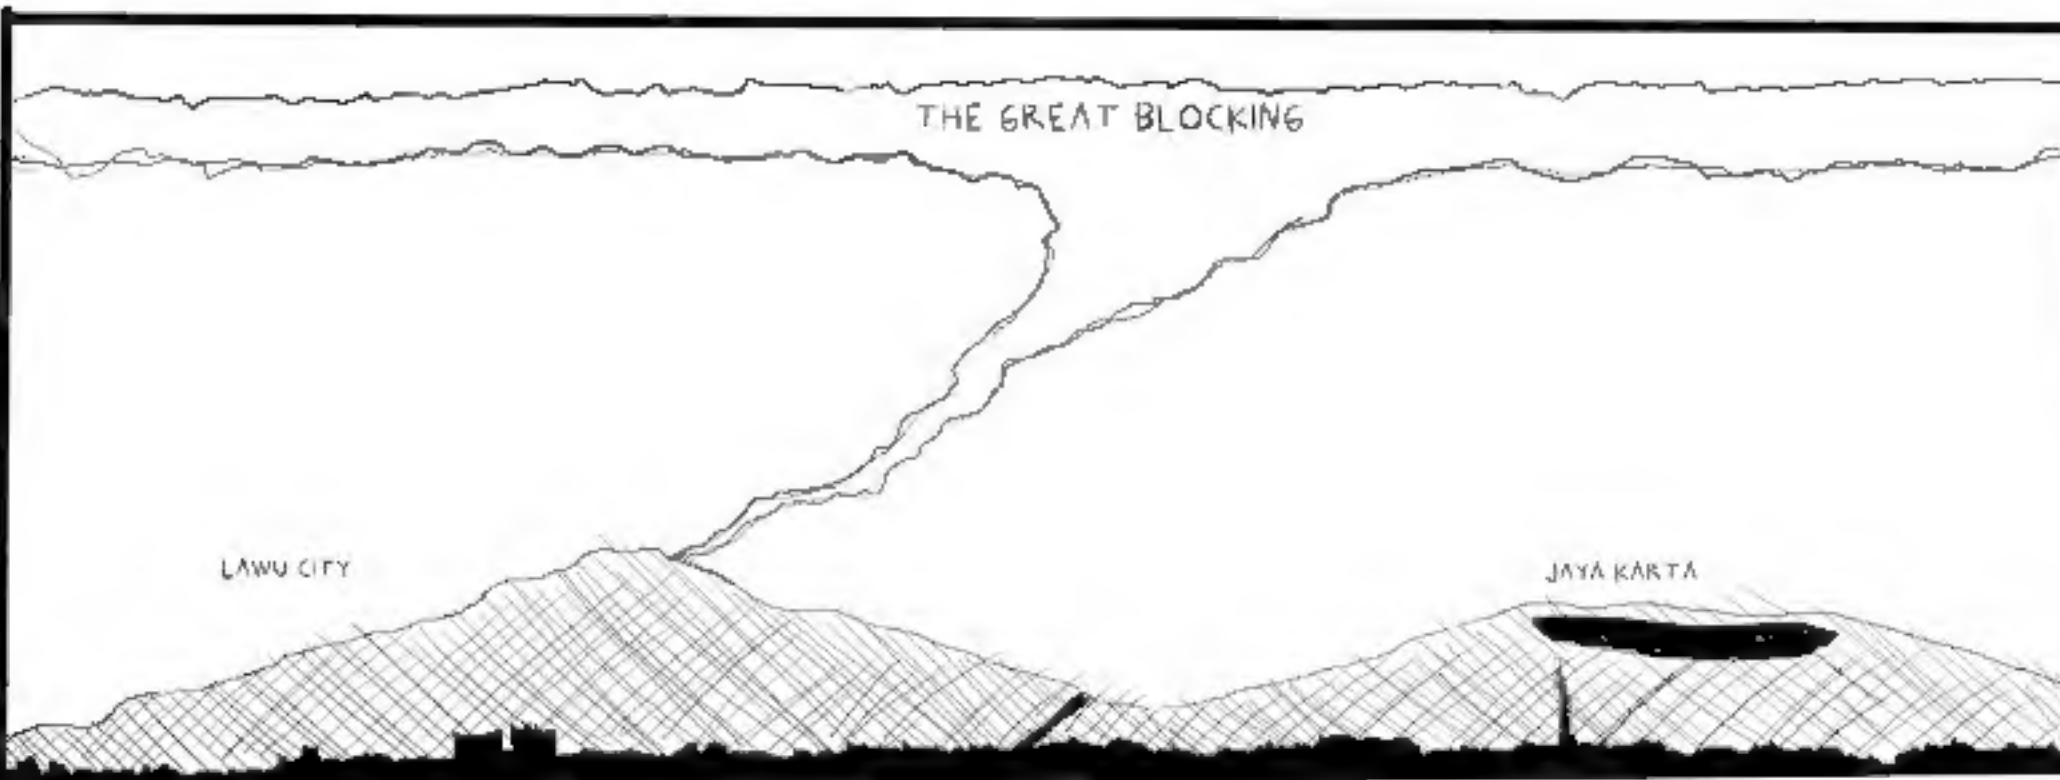

EARTH
A PLANET CAPABLE OF SUPPORTING LIFE.

YES- AT LEAST IT WAS,
ABOUT 100,000 YEARS AGO.

NOW, LIFE ON EARTH HAS ALMOST
COMPLETELY VANISHED

LAYERS OF CLOUDS IN THE SKY MIXED
WITH VOLCANIC ASH BLOCK THE SUNLIGHT
FROM REACHING EARTH.

WE CALL THIS "THE GREAT BLOCKING"
IT WAS CAUSED BY THE ERUPTION OF MOUNT MERABU. IT SPEWED COPIOUS AMOUNTS OF LAVA AND WIPED OUT ALMOST ALL LIFE ON EARTH.
THE GOOD NEWS IS THAT THE ASH BLOCKS HARMFUL RADIATION FROM THE SUN.

THAT'S WHY IT IS CALLED "THE GREAT BLOCKING"

AS FOR LIVING THINGS, THIS IS WHAT REMAINS

- FOXACINE

- CAT

LICE

AND SOME OTHER LIVING CREATURES,
LIKE WORMS, MUSHROOMS, AND JELLYFISH

THE ONLY REMAINING PLANTS ARE CHOCOLATE SOYBEANS (A HYBRID BETWEEN SOYBEANS AND COCOA, WHICH IS POISONOUS).
THIS PLANT HAS A DARK COLOR TO ABSORB MORE SUNLIGHT.

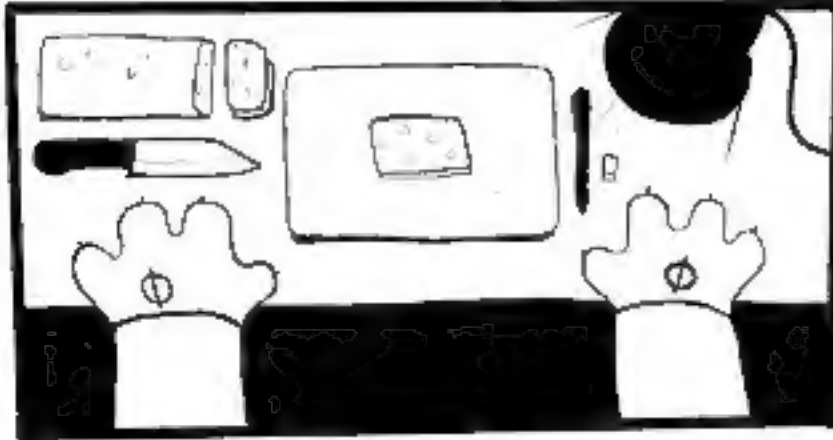

SURELY, NO ONE WOULD WANT TO EAT CHOCOLATE SOYBEANS,
RIGHT?

ONE OF THE MOST INFLUENTIAL PEOPLE
IN HISTORY.

IT ALL BEGAN FROM HIS TWO COMPANIES

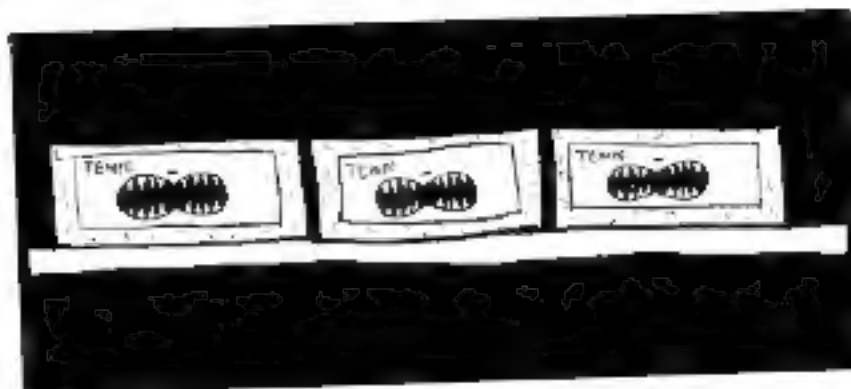

"JAYA ABADI" AND "ATOM-O" (STATE-OWNED)

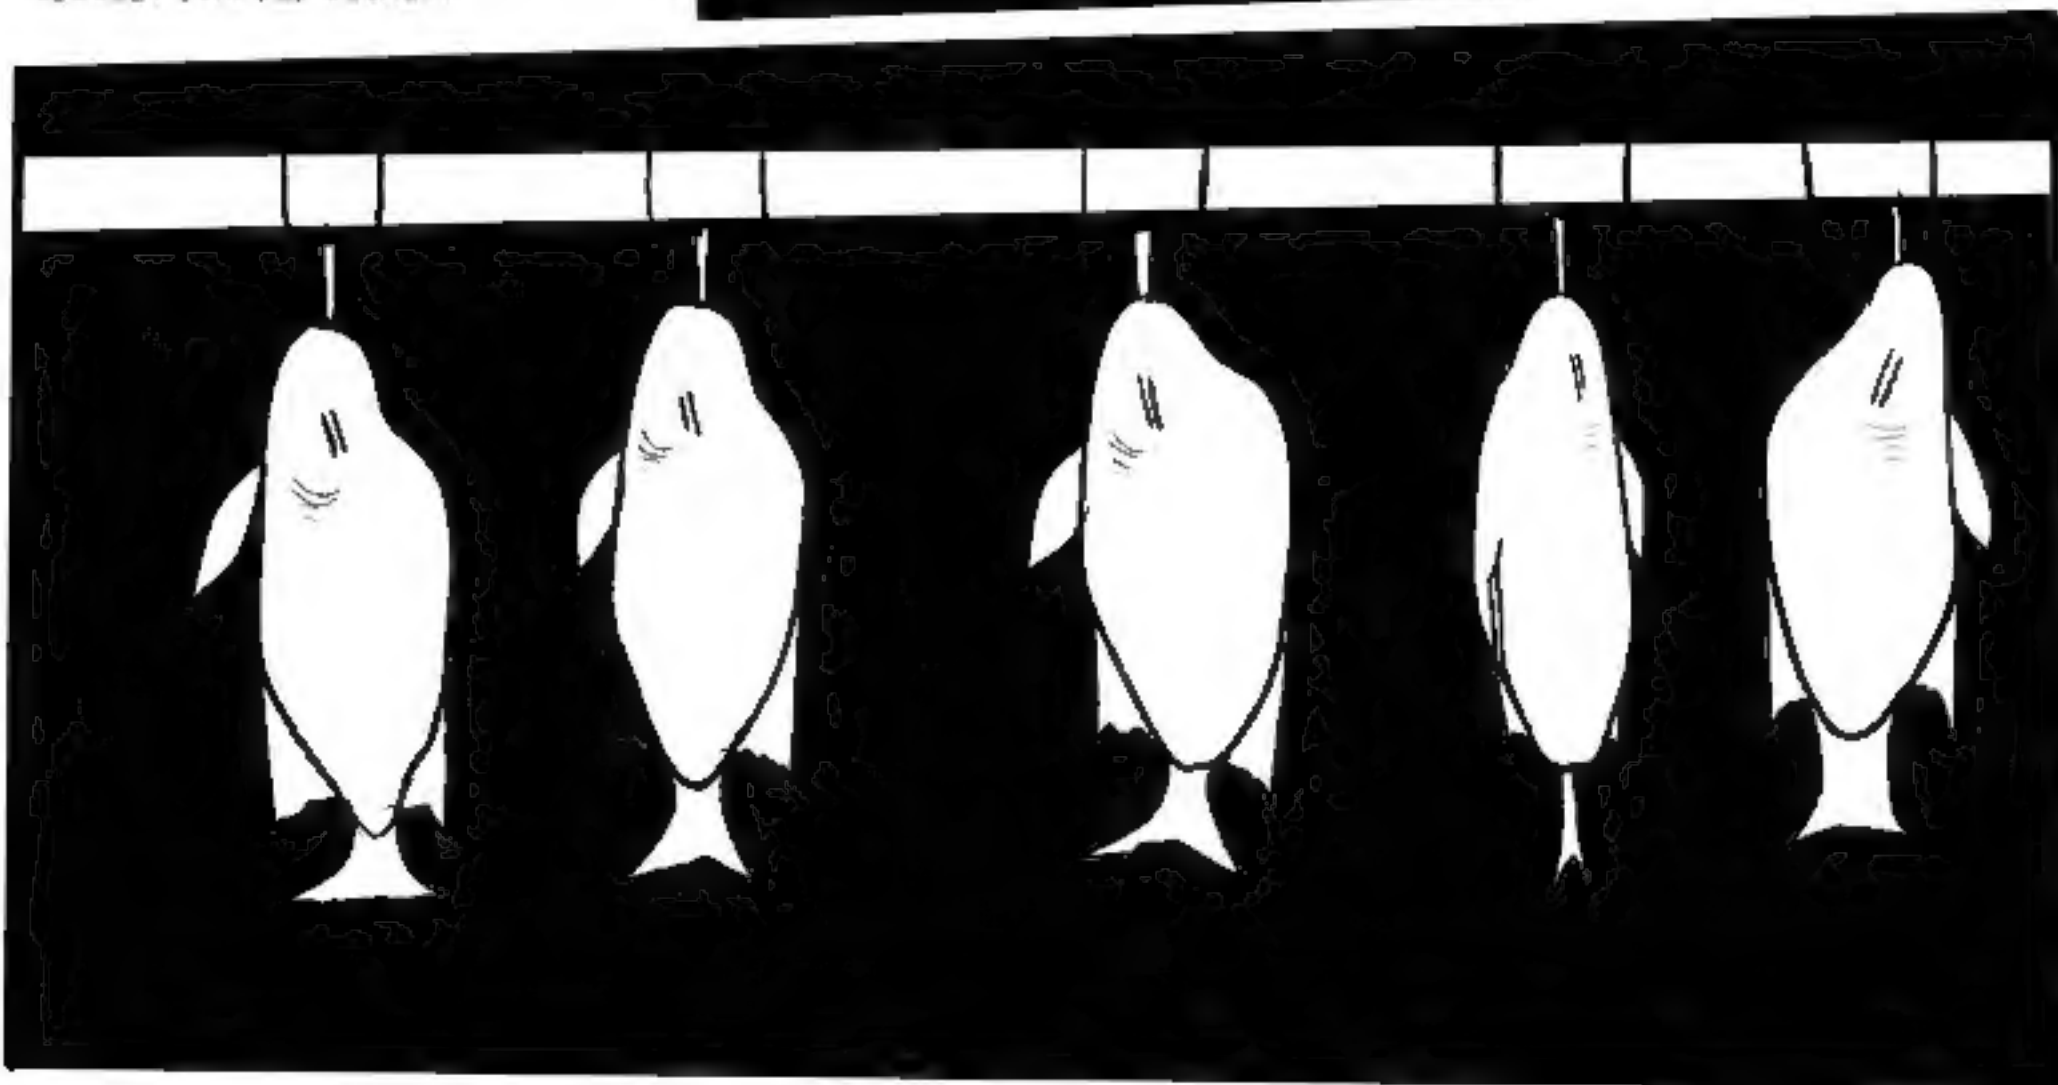

HIS FIRST CREATION WAS

TEMPEH (1995)

JAYA ABADI'S FIRST PROJECT.
THEY AIMED TO MAKE FOOD WITH
INGREDIENTS FROM CHOCOLATE
SOYBEANS. THE FORMULA WAS KEPT A
CLOSELY GUARDED SECRET.

BUT AT THE TIME,
NOT MANY PEOPLE KNEW
ABOUT IT.
EVERYONE WAS STILL
EATING RUMHAM FISH FOR
THE MOST PART.

THIS PROJECT RAN FOR THREE YEARS

FOLLOWING HIS SUCCESS WITH TEMPEH, UTOMO USED THOSE PROFITS TO CREATE HIS SECOND INVENTION

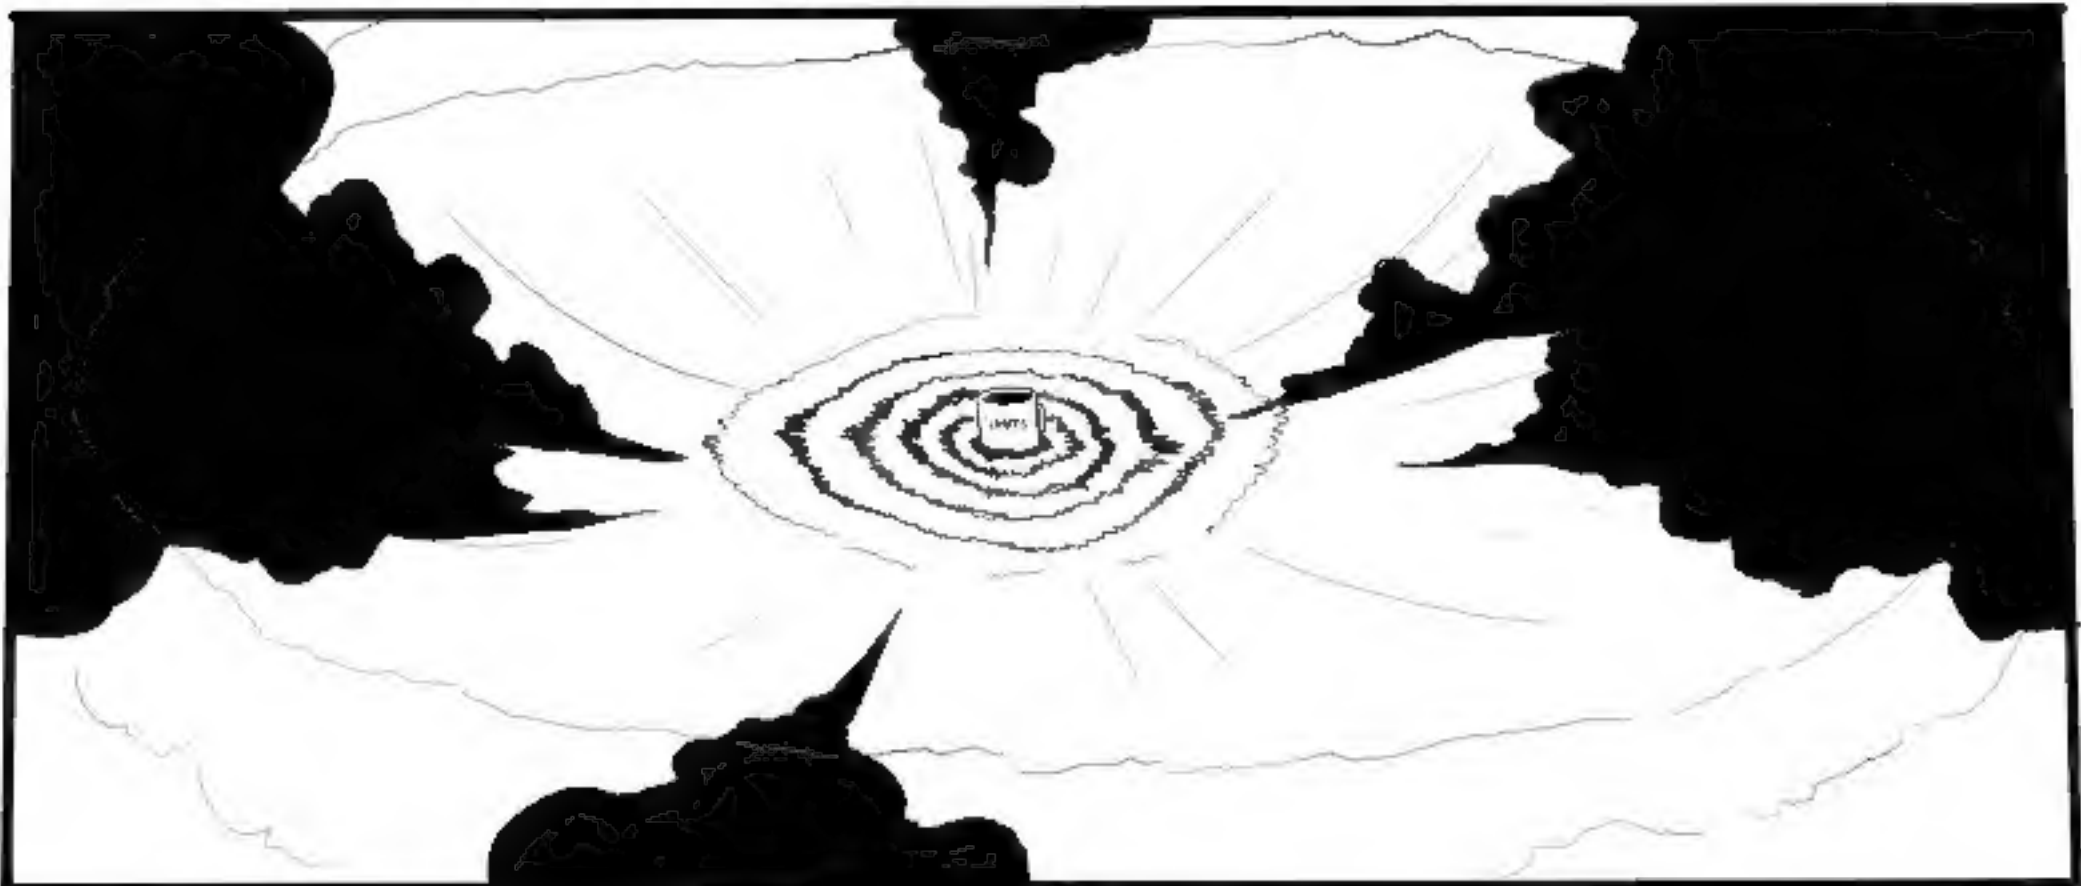

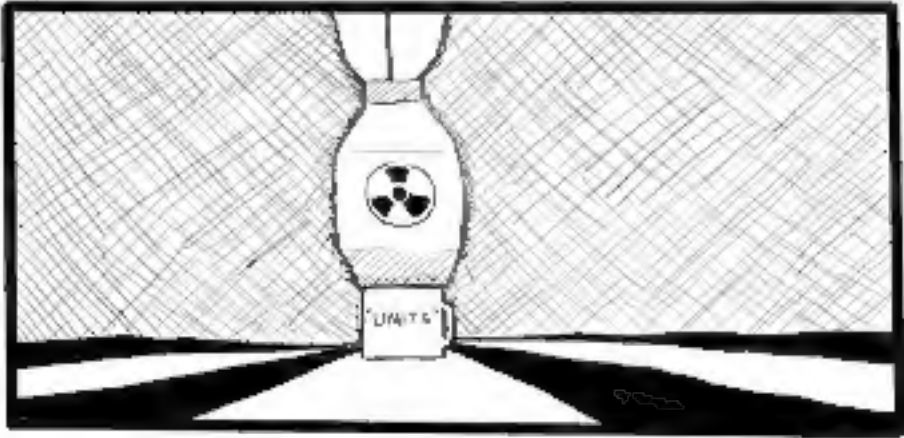

"MATERIAL LIMITS (1998)"

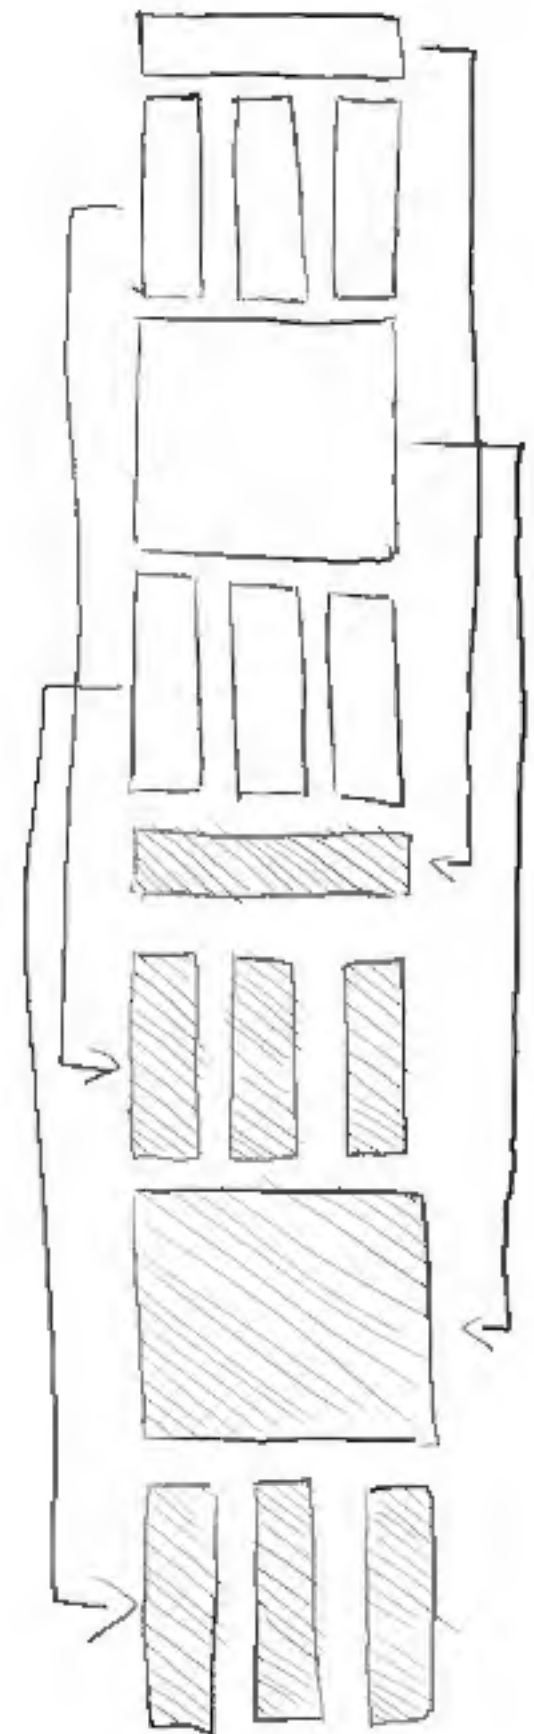

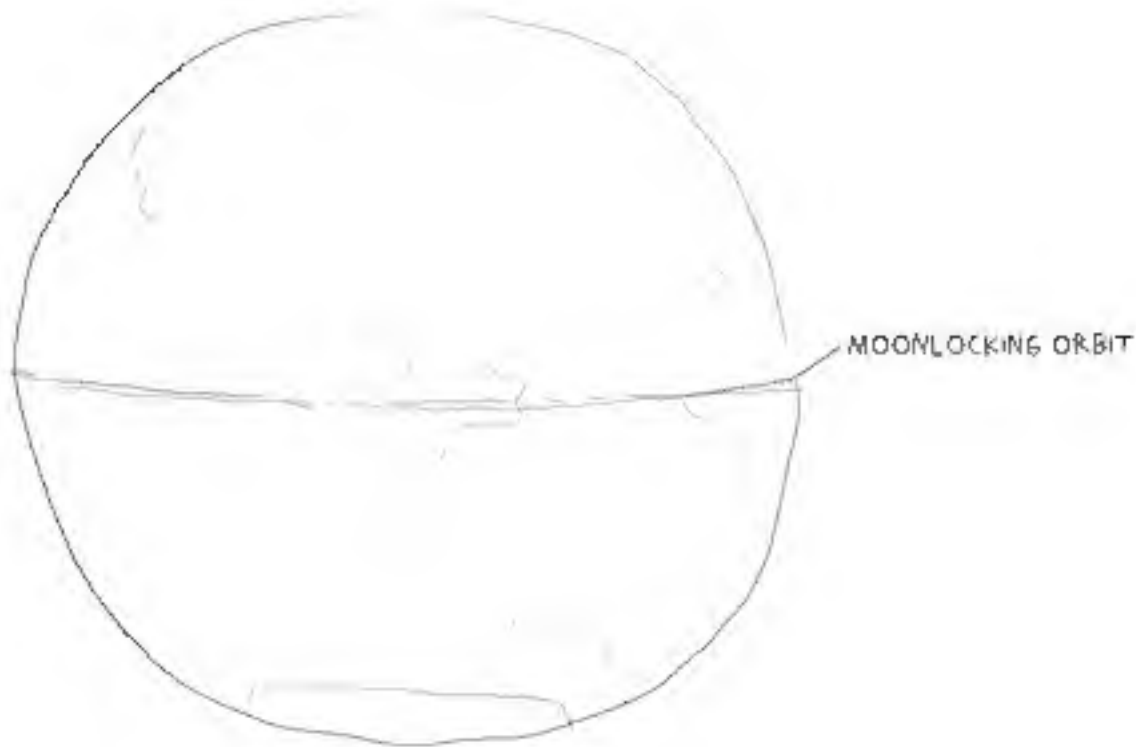

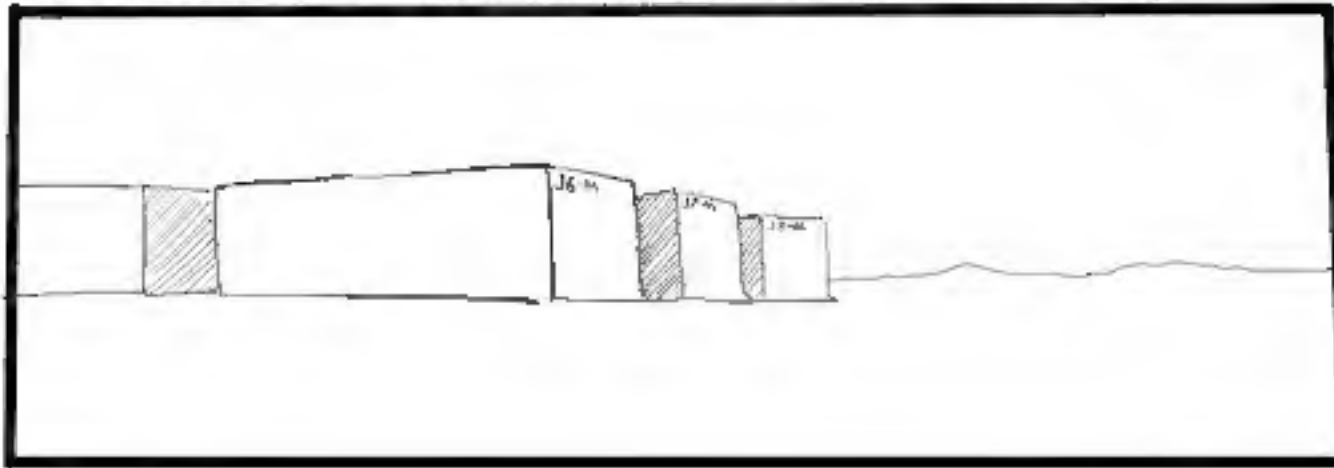

A GLASS,
WITH AN EXTREMELY STRONG MATERIAL,
MADE FROM COMPACTED TRASH
AND A COMPLEX PROCESS THAT MAKES DENSE MASS
SIGNIFICANTLY LIGHTER.

THIS DISCOVERY WAS WIDELY CELEBRATED,
IT EVEN ATTRACTED THE ATTENTION OF PRESIDENT DONO DIAMOND

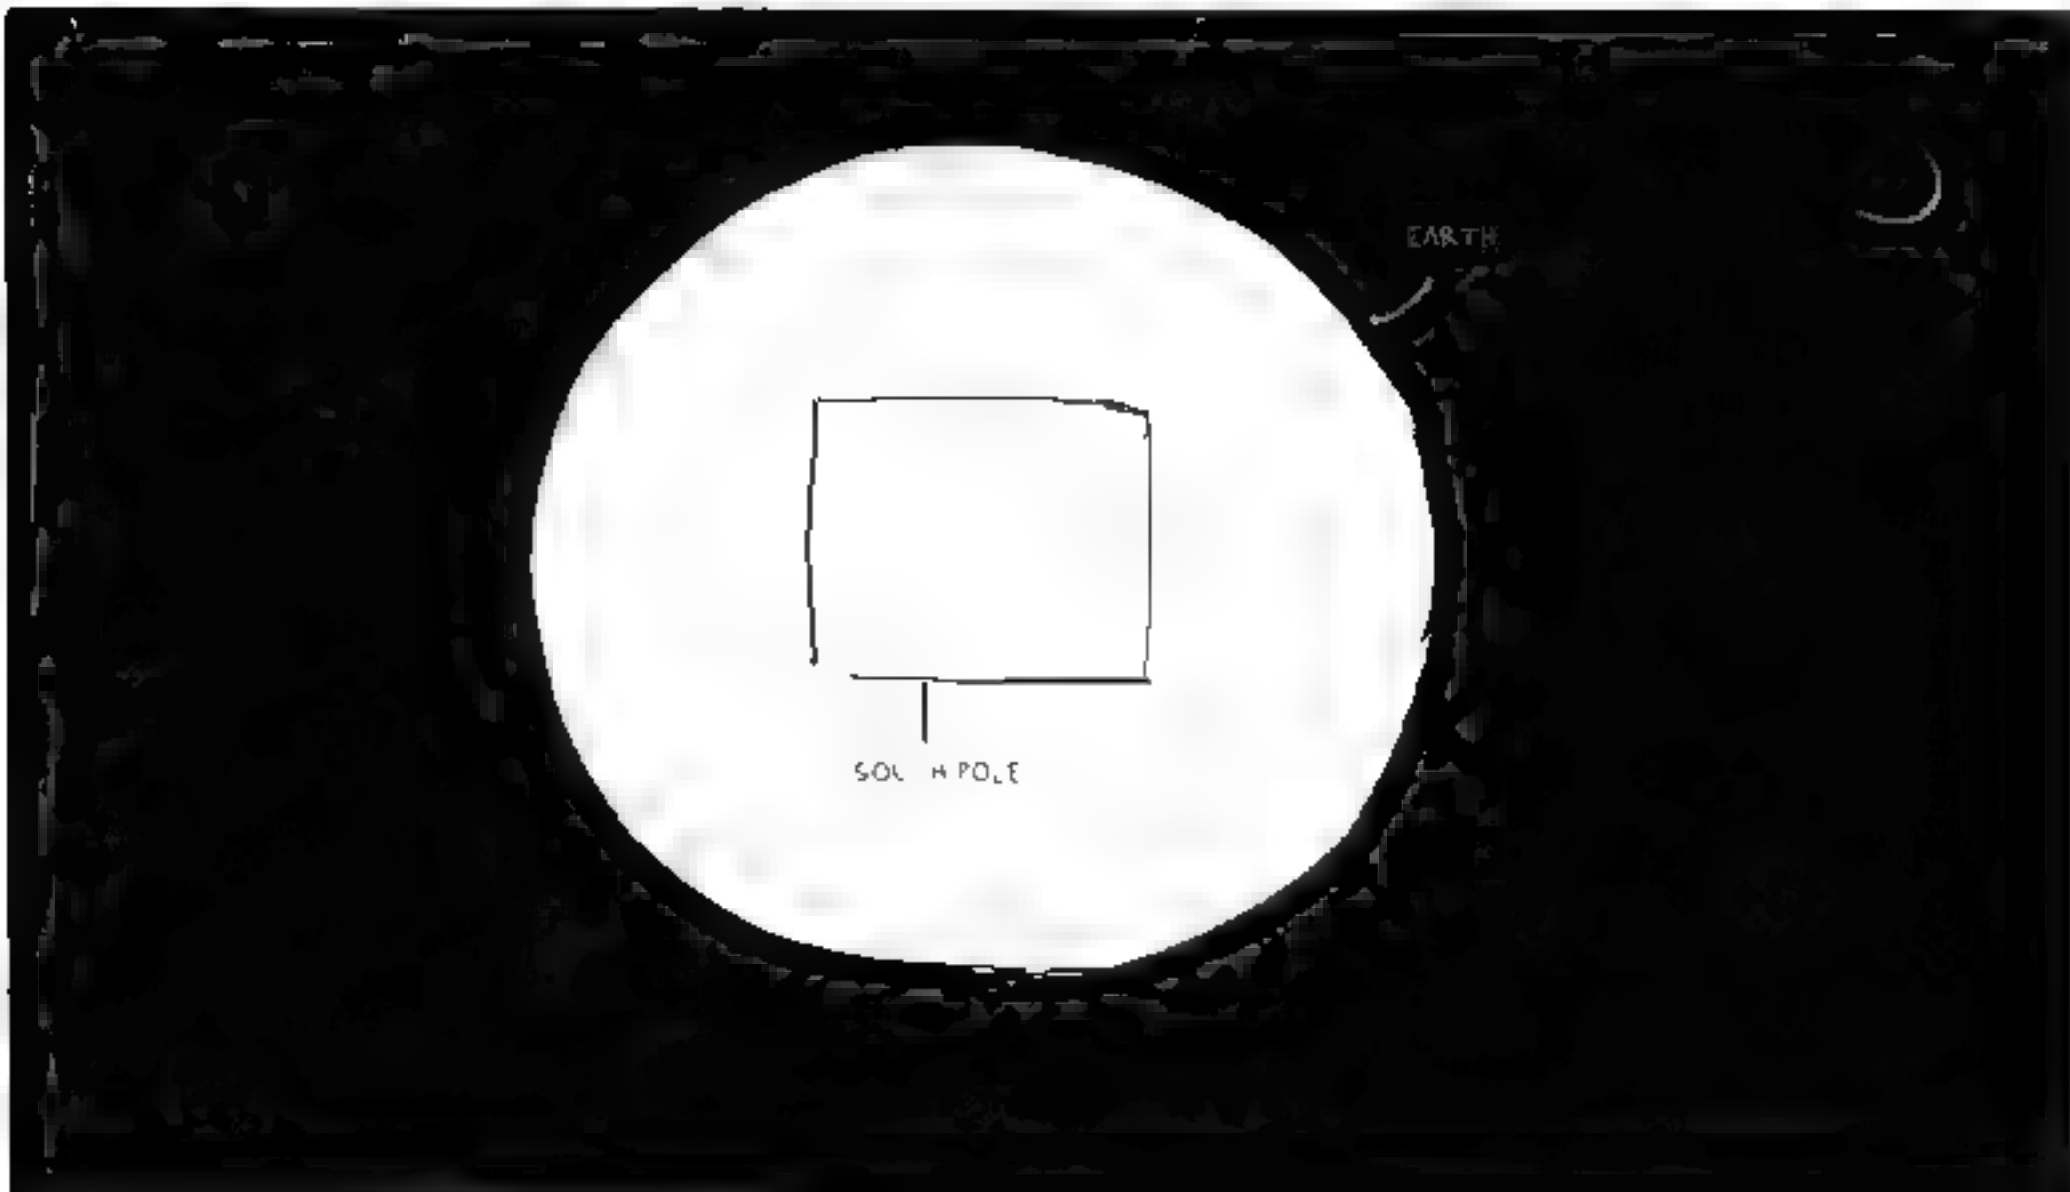

SINCE THEN,
MANY EXTRAORDINARY THINGS HAVE HAPPENED.

THIS PROJECT RAN TWO TIMES, WITH ONE FAILURE ON THE FIRST ATTEMPT (JM-1)

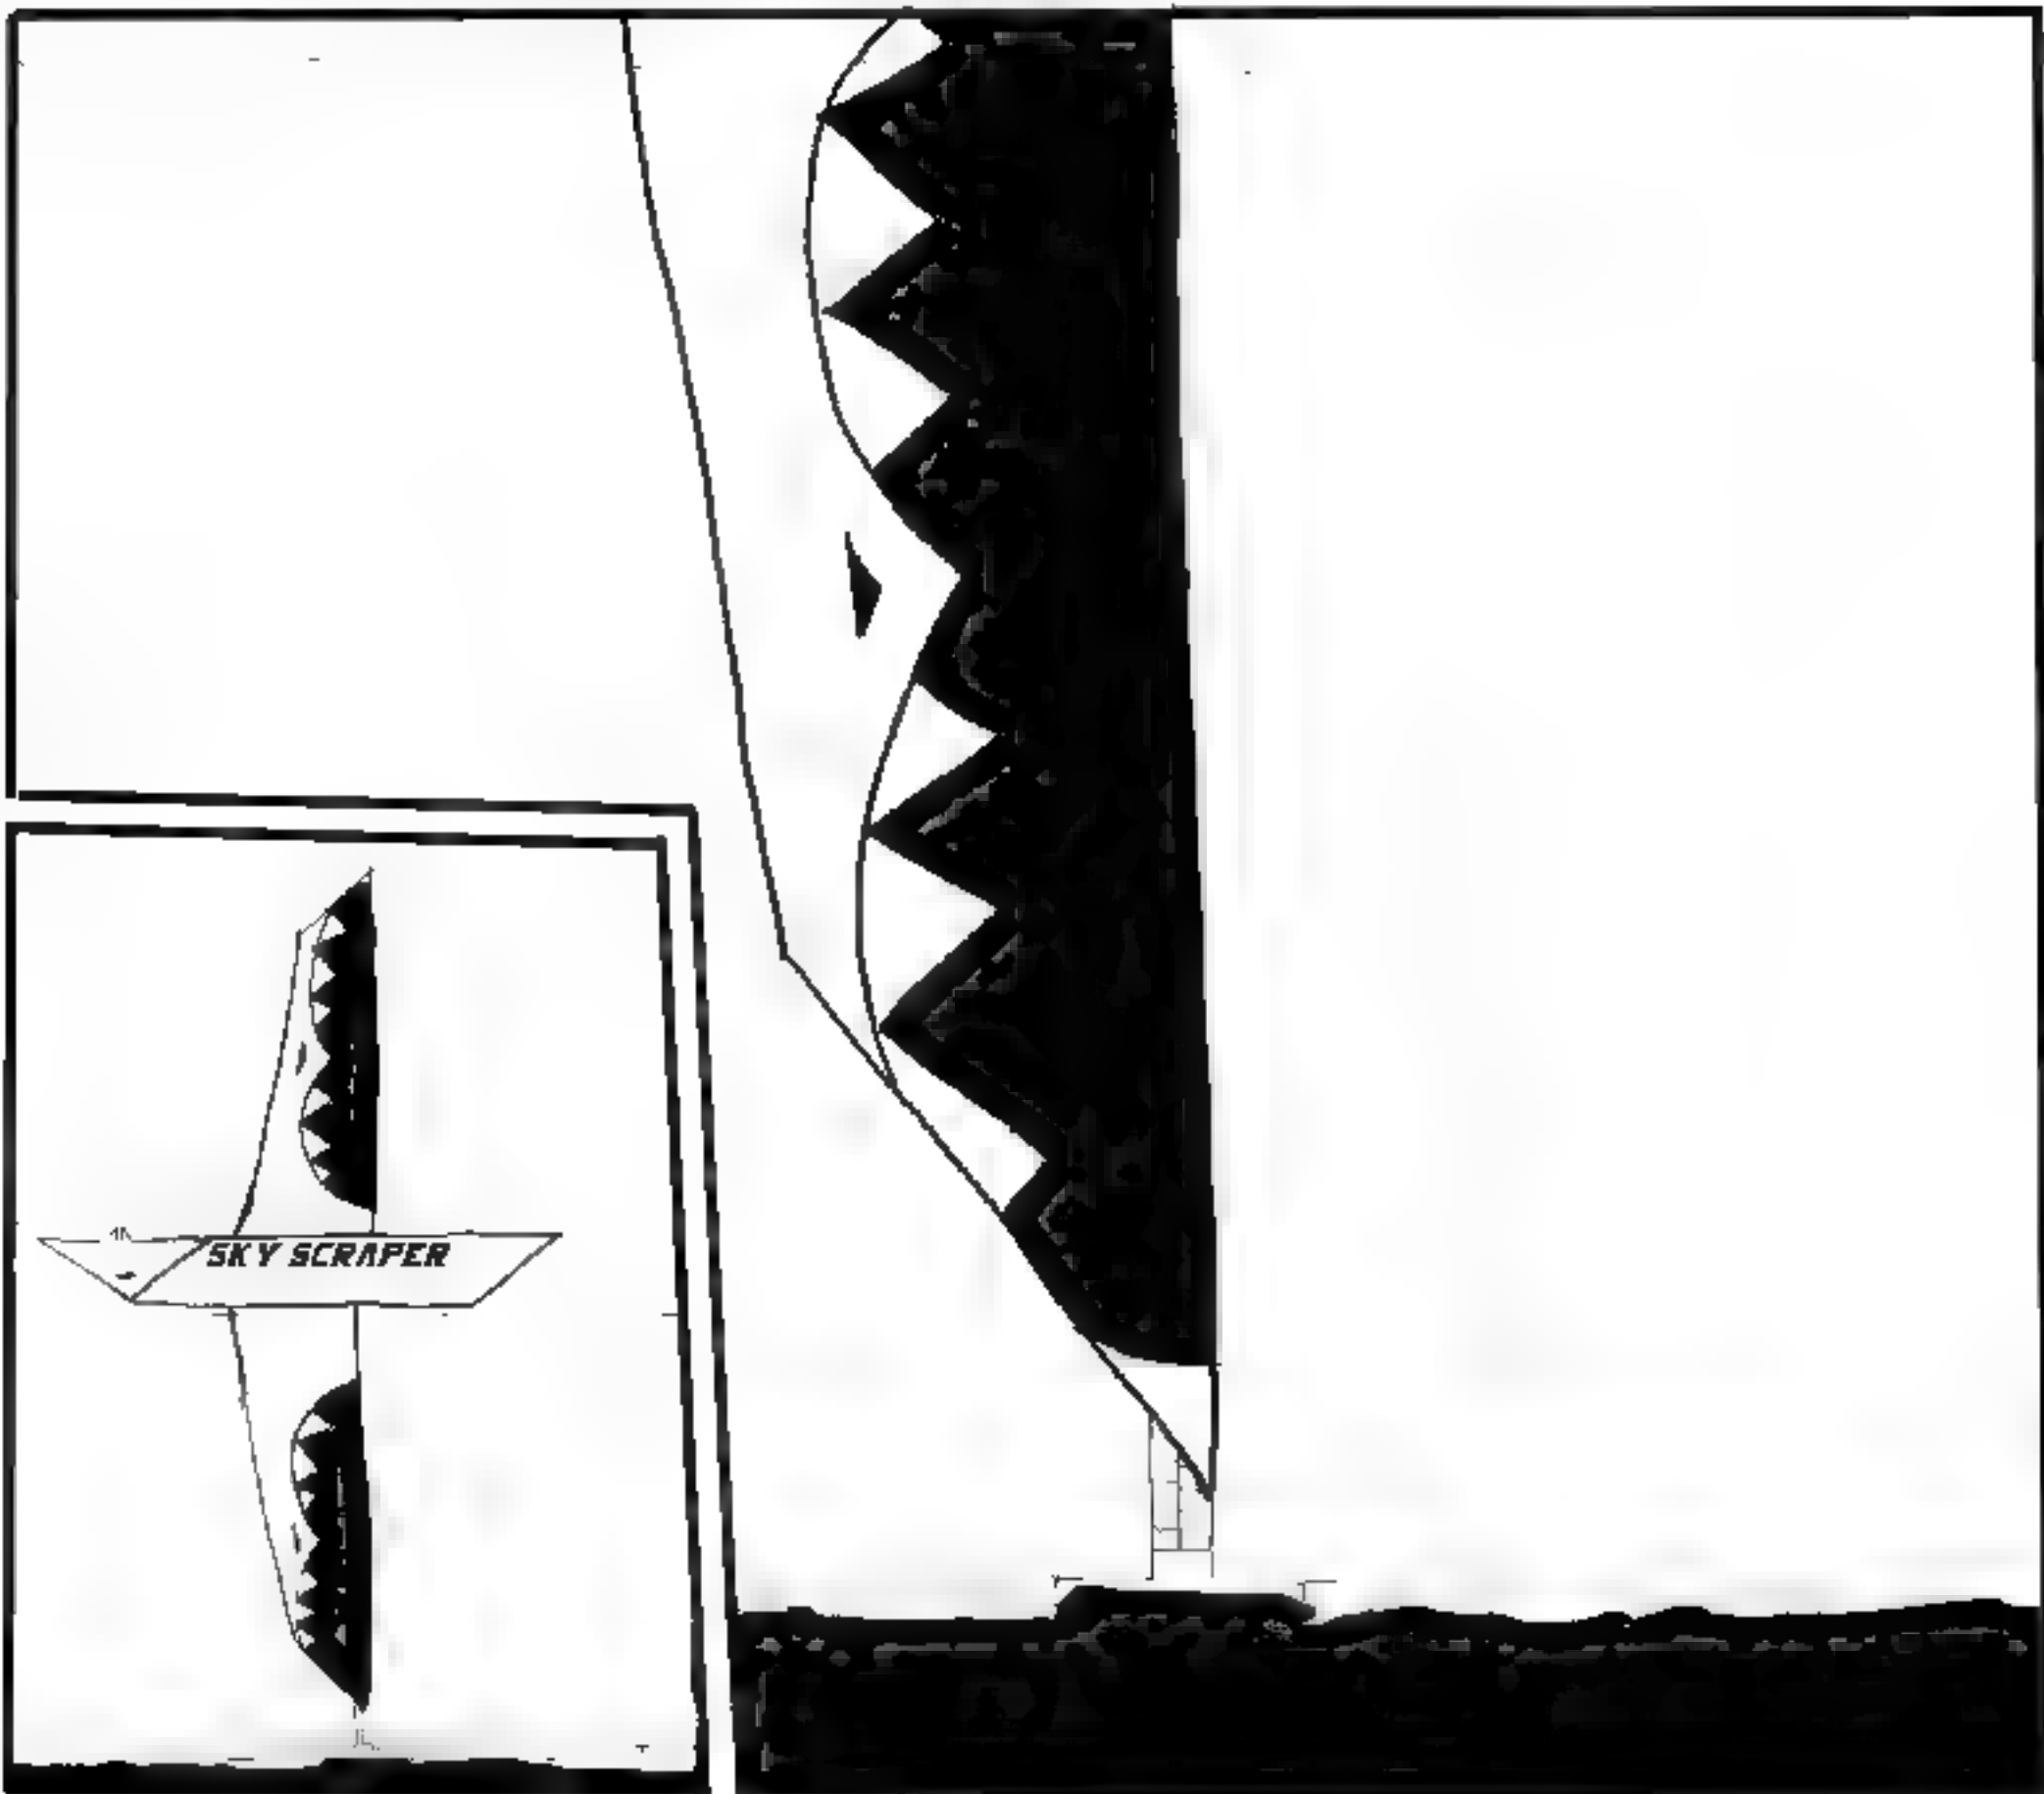

THIS PROJECT AIMS TO COOL THE EARTH'S TEMPERATURE AGAIN
AS THE SUN GETS HOTTER AND HOTTER THIS GIANT FREEZER WILL REFREEZE THE SOUTH POLE

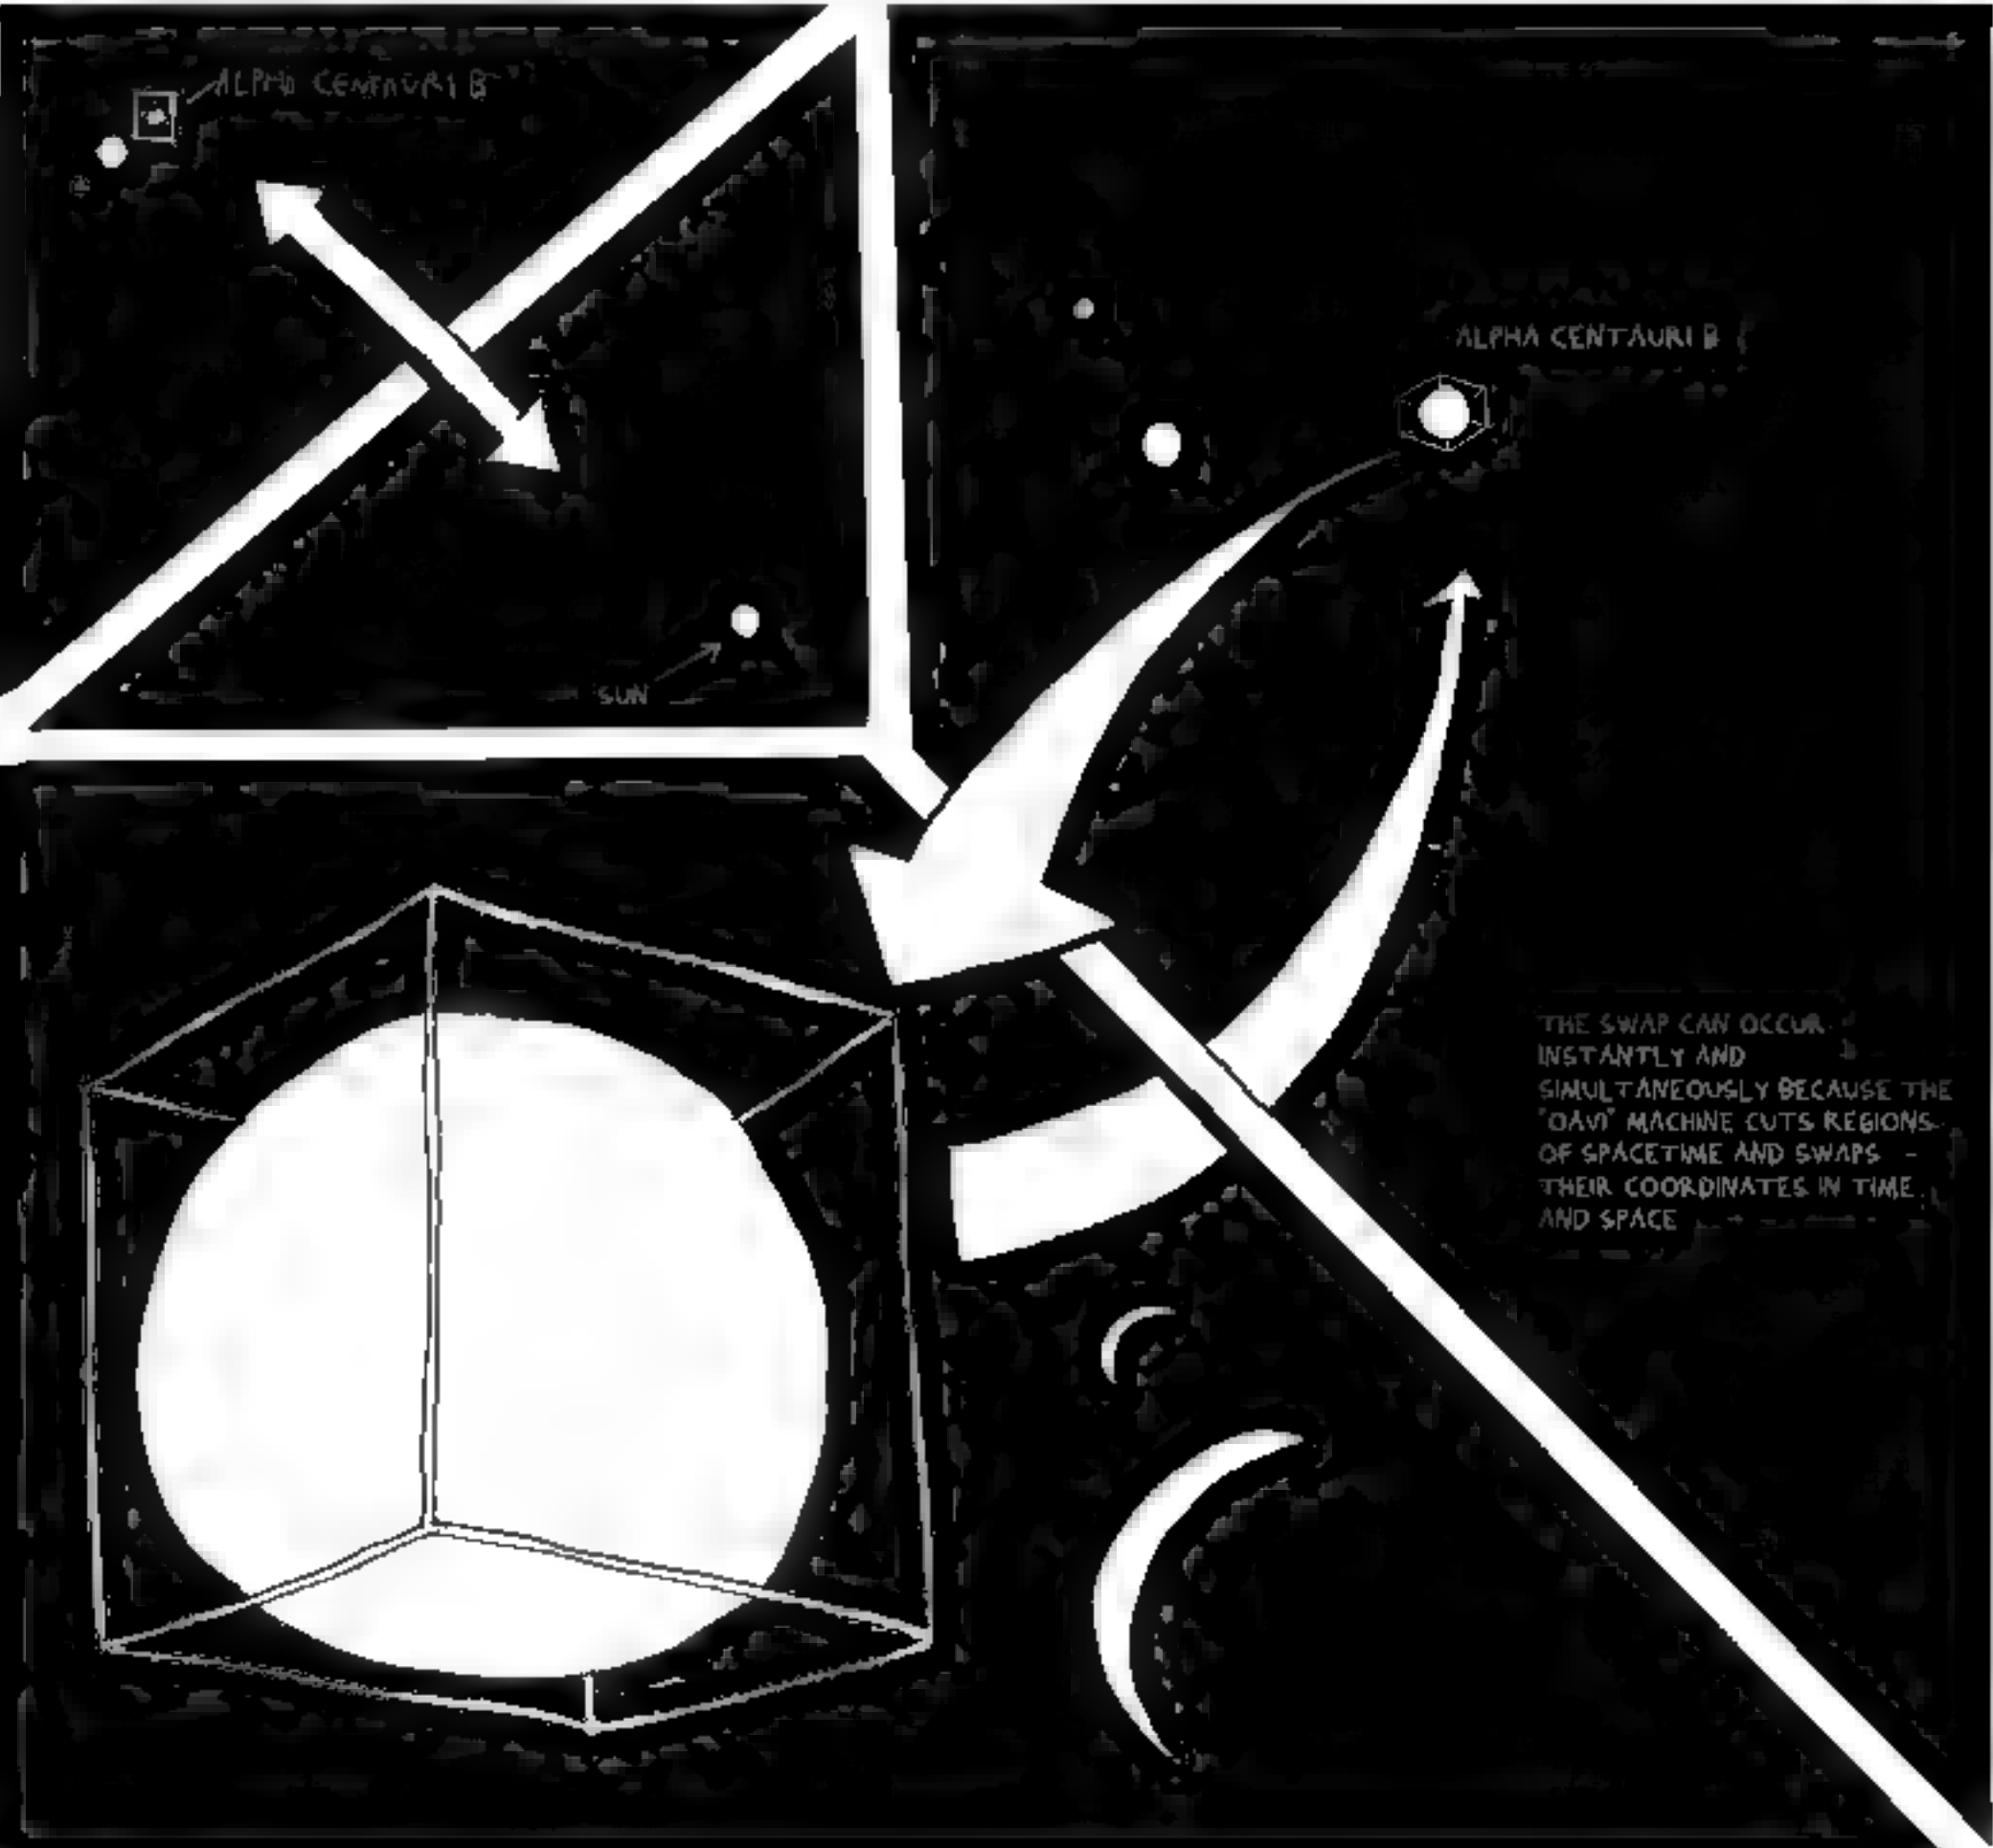

SKY SCRAPER 2018

A PROJECT THAT AIMS TO OBTAIN ENERGY FROM THE SUN
WITH A GIANT SATELLITE CALLED SKY SCRAPER

EVEN WHEN THE SUN IS NORMALLY COVERED BY A LAYER OF CLOUDS
THIS SATELLITE CAN FOLLOW AN ORBIT THAT KEEPS IT IN DIRECT SUNLIGHT ALL TIME

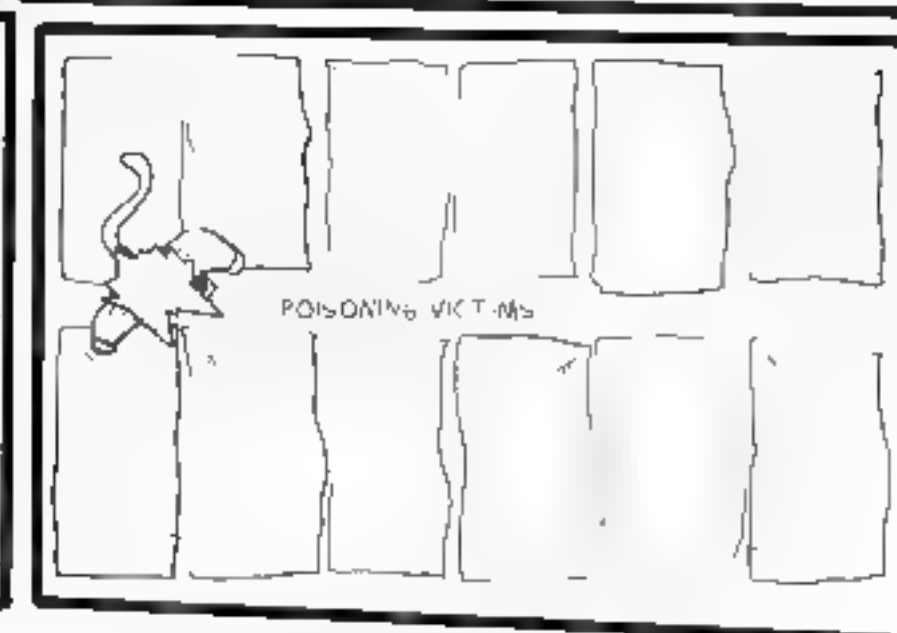

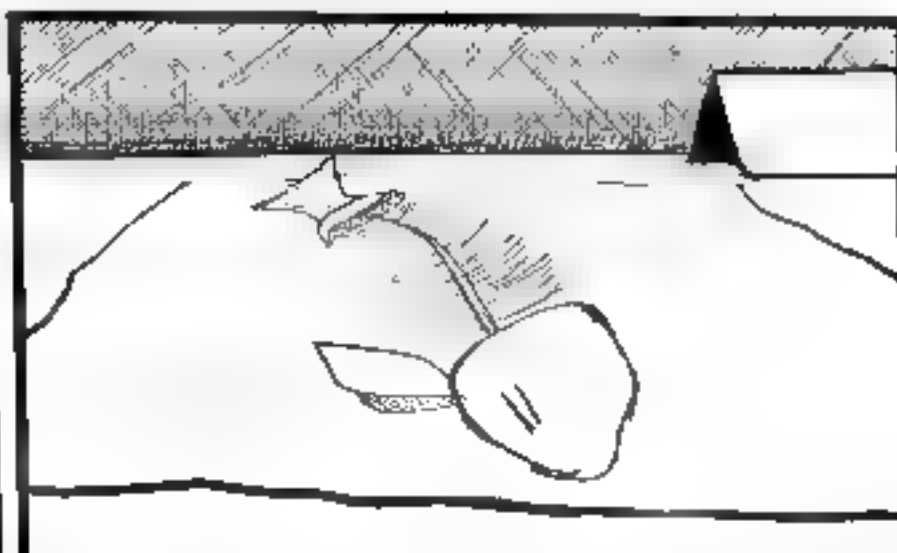

THIS PROJECT WILL AT EMP TO SWAP THE SUN FOR A COOLER NEARBY STAR

LAW
FEAS

AS A RESULT ALL OF THE REMAINING FISH IN THE SEA WERE COMPLETELY INEDIBLE

SINCE THEN UTOMO
NO LONGER TRUSTS ANYONE TO WORK
IN HIS FACTORY

HE REPLACED ALL OF HIS WORKERS
WITH AN AI HE DEVELOPED

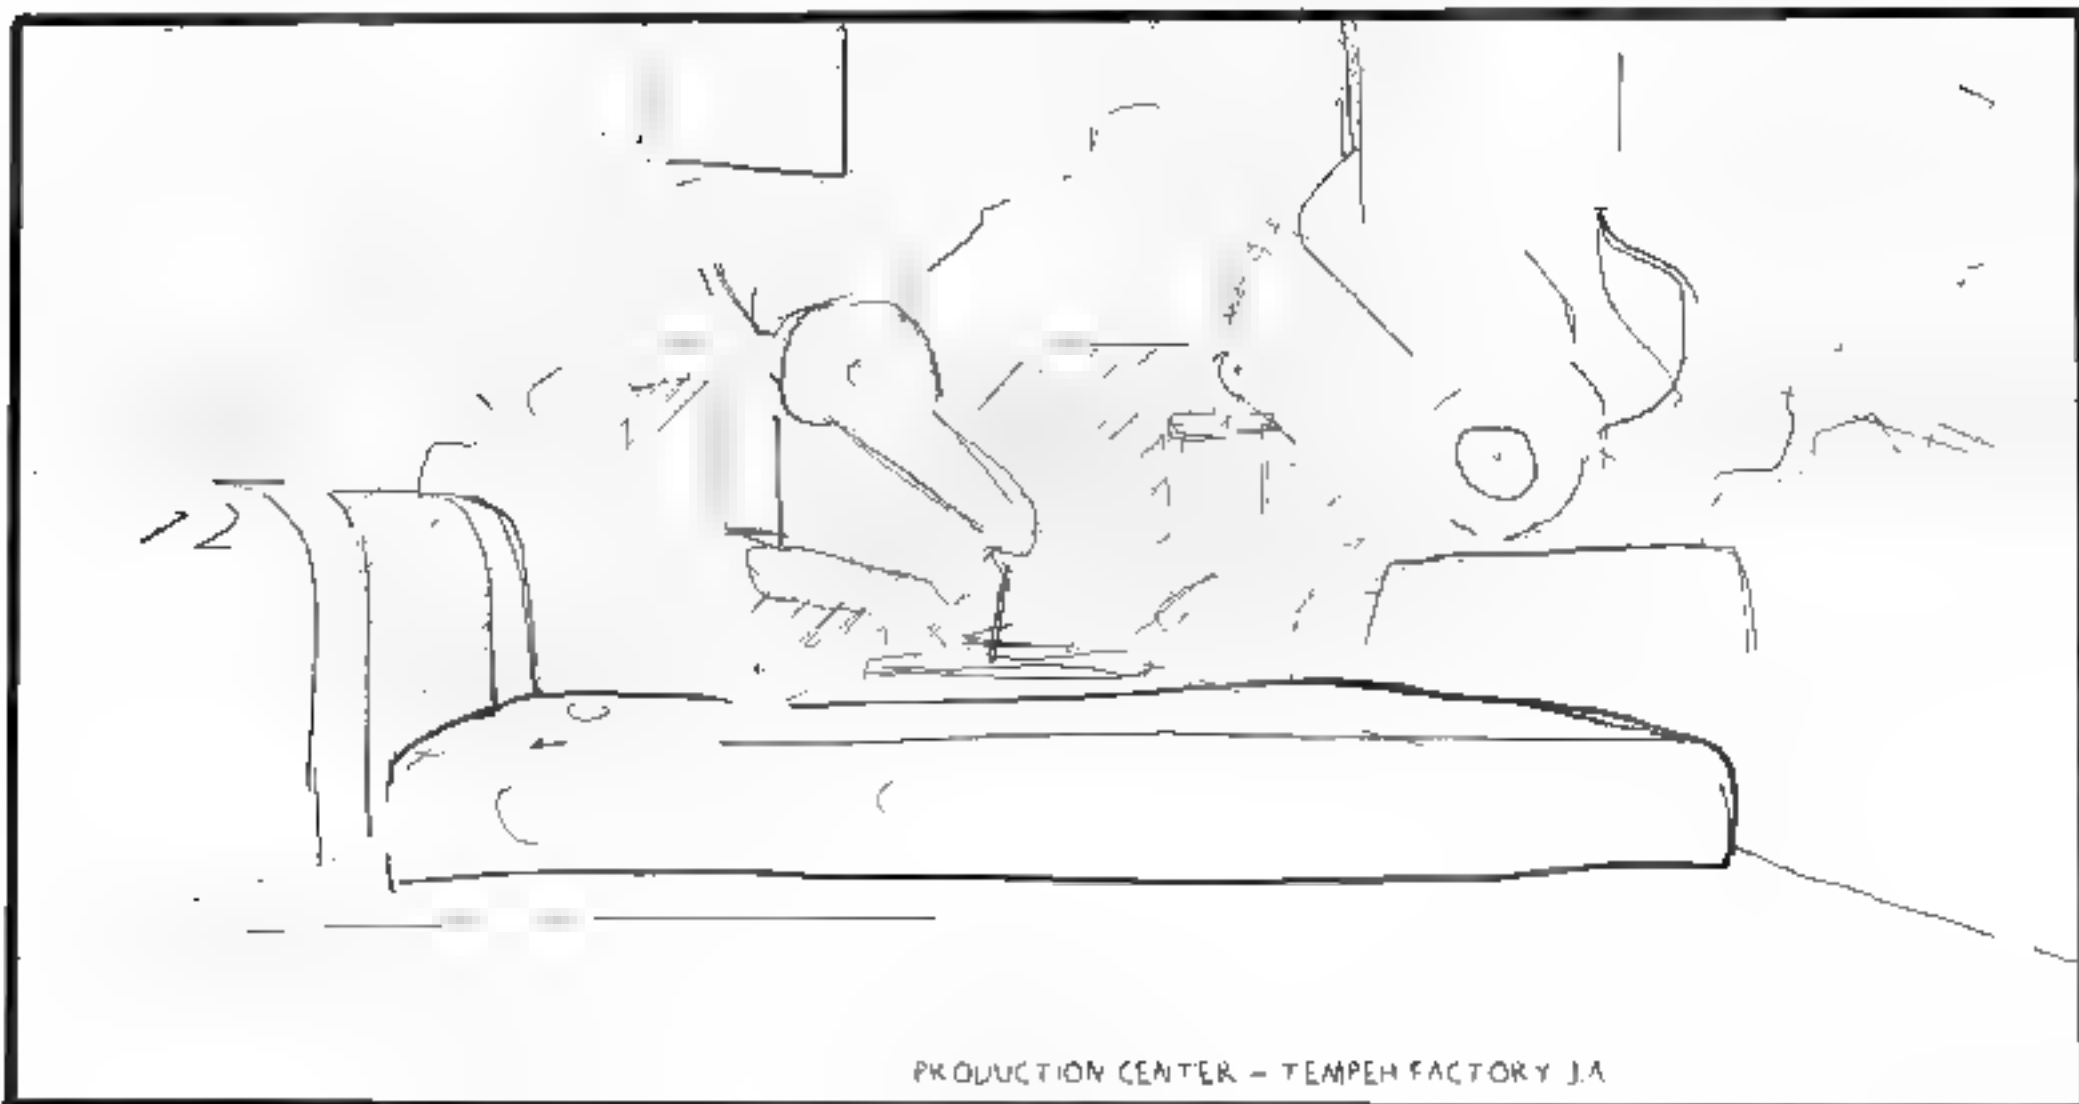

XENOBOT 72

AT FIRST XENOBOT 72 WAS AN AI-GENERATED IMAGE FROM UTOMO'S
SCHOOL ASSIGNMENTS

NOW UTOMO USES XENOBOT 72 TO PRODUCE ALL OF THE TEMPEH IN HIS FACTORY
AND THE AI HAS COMPLETELY TAKEN OVER THE PRODUCTION PROCESS FROM
HIS WORKERS

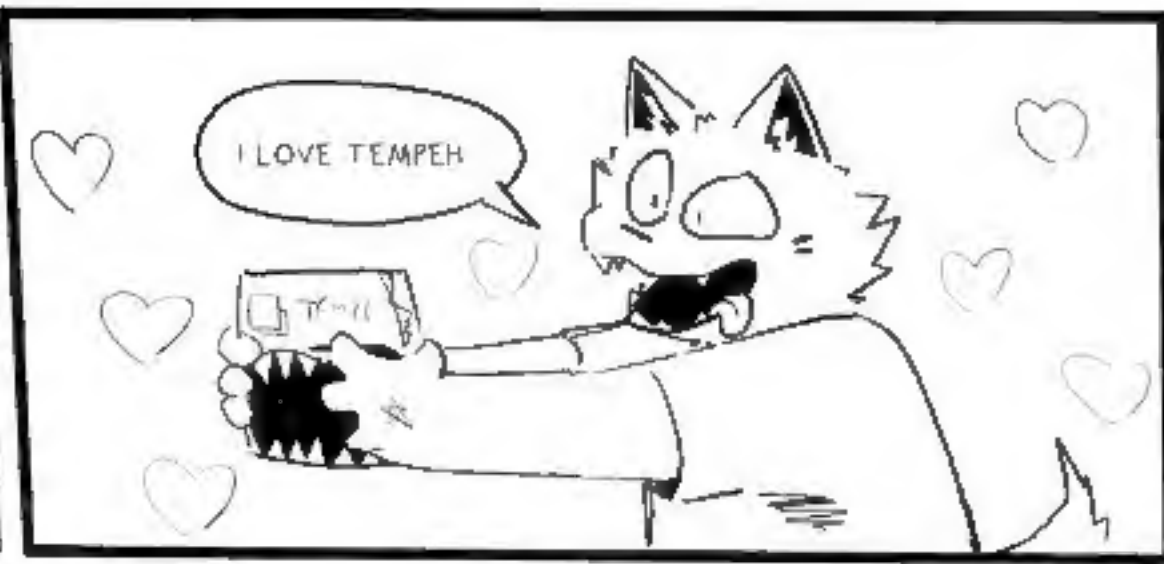

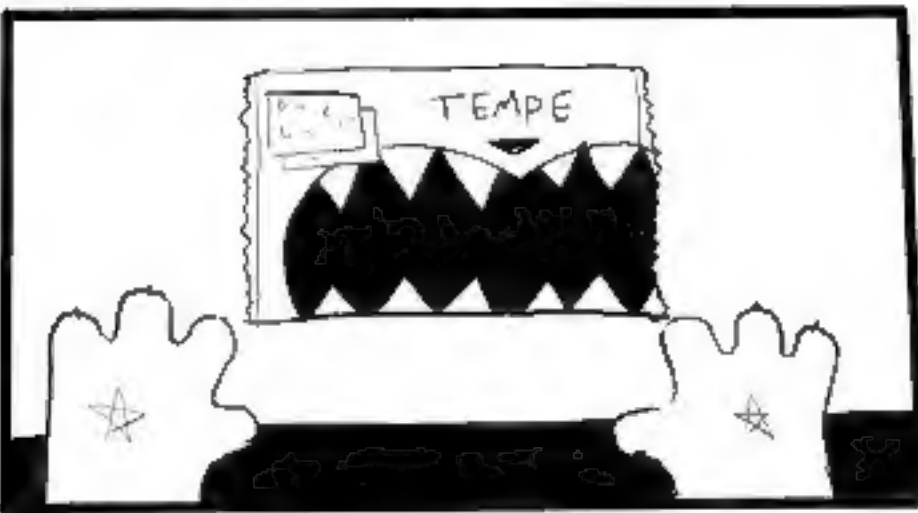

AFTER THE MARINE POLLUTION INCIDENT

PEOPLE DON'T HAVE A CHOICE OF EATING FISH, AND ARE FORCED TO EAT PROCESSED CHOCOLATE SOYBEAN FROM THE JAYA ABADI FACTORY

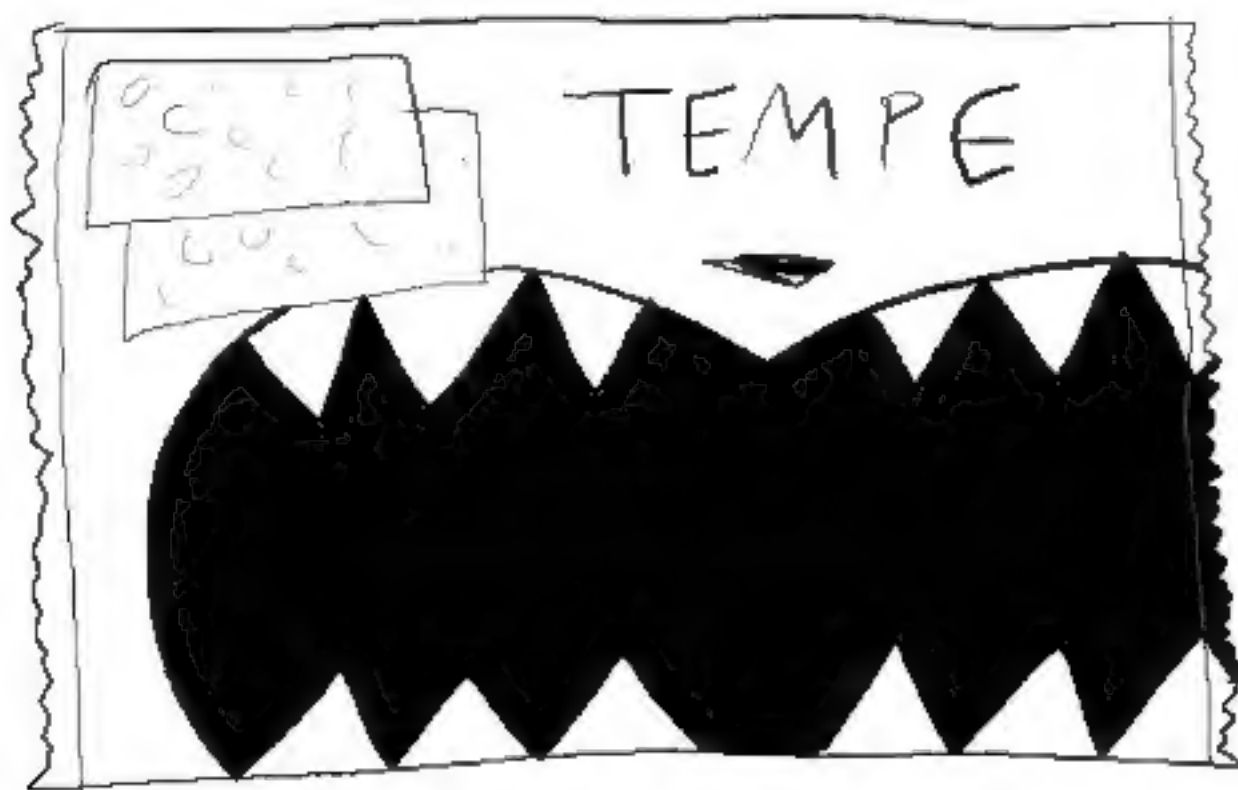

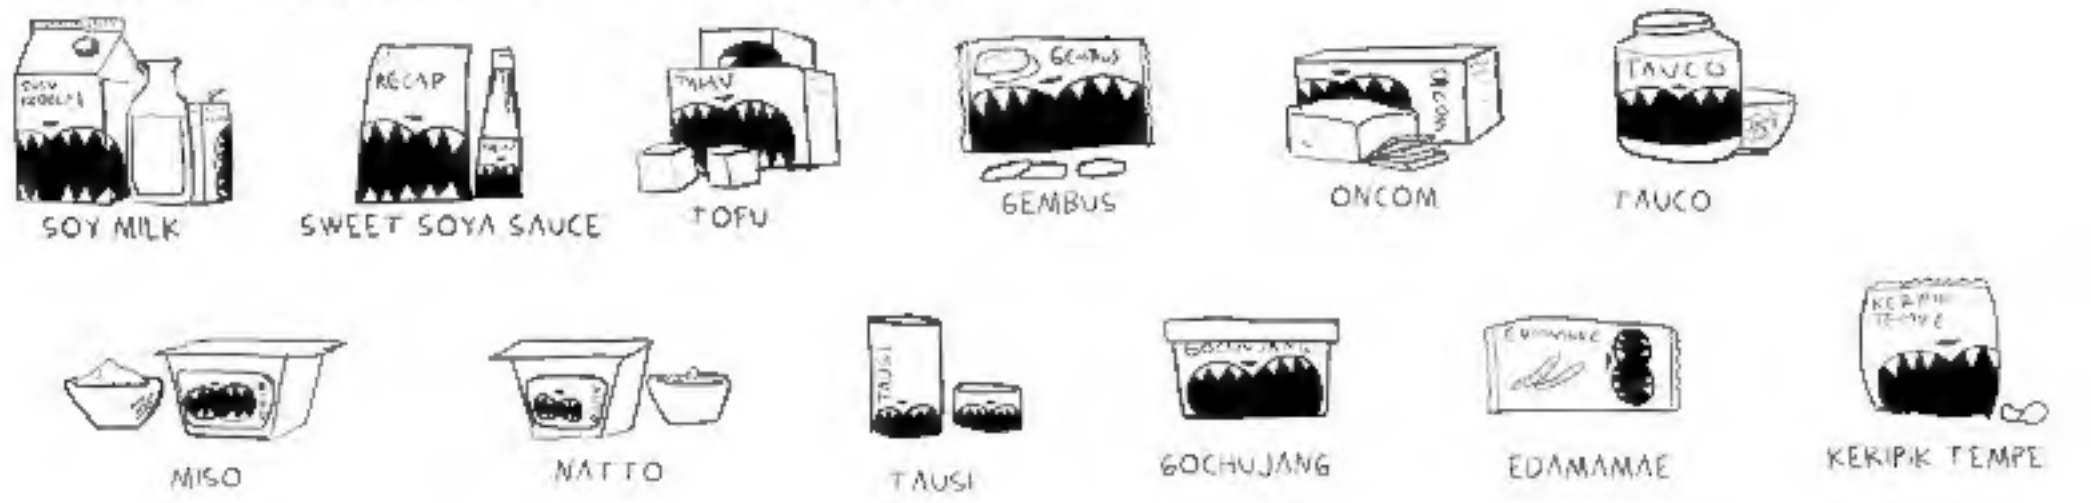

PRODUCTION CENTER - TEMPEH FACTORY J.A

LUCKILY, PEOPLE LOVE TEMPEH

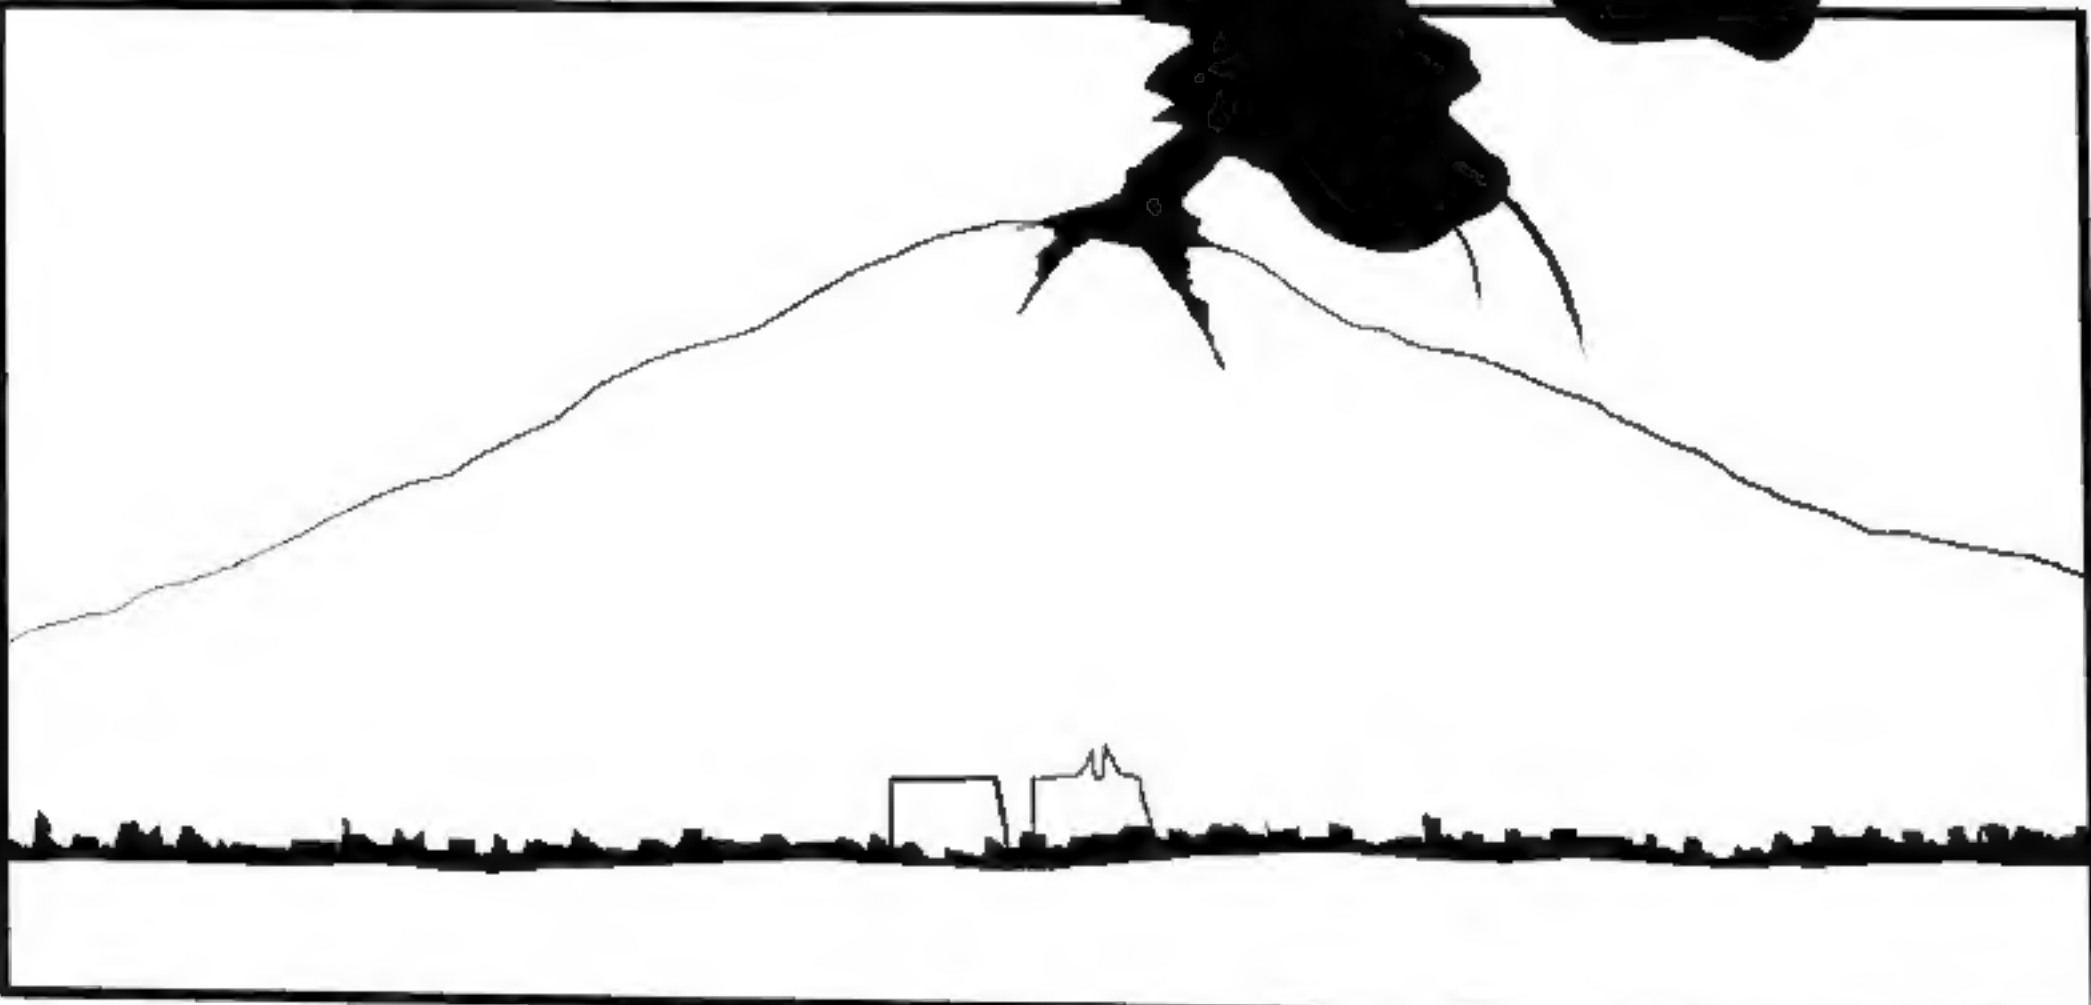

AS TIME WENT ON, MORE PRODUCTS BEGAN TO APPEAR, SUCH AS:

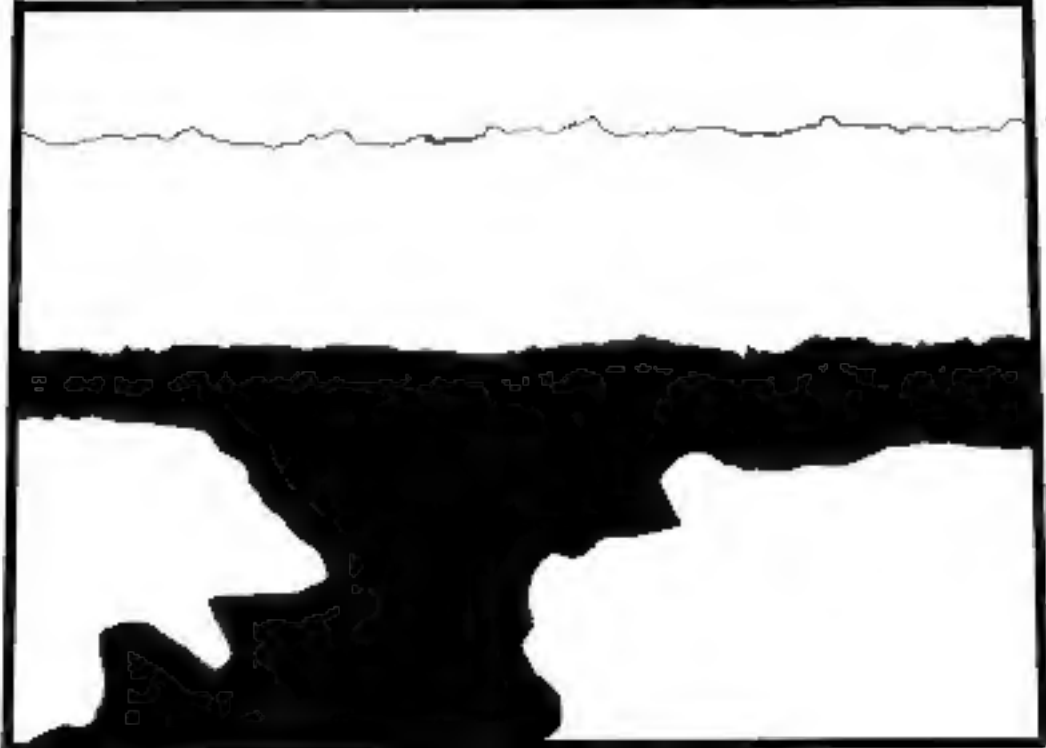

BUT THAT'S NOT WHAT I WANTED TO FOCUS ON

ON OCTOBER 13, 2005

SUDDENLY, MOUNT LAWU ERUPTED

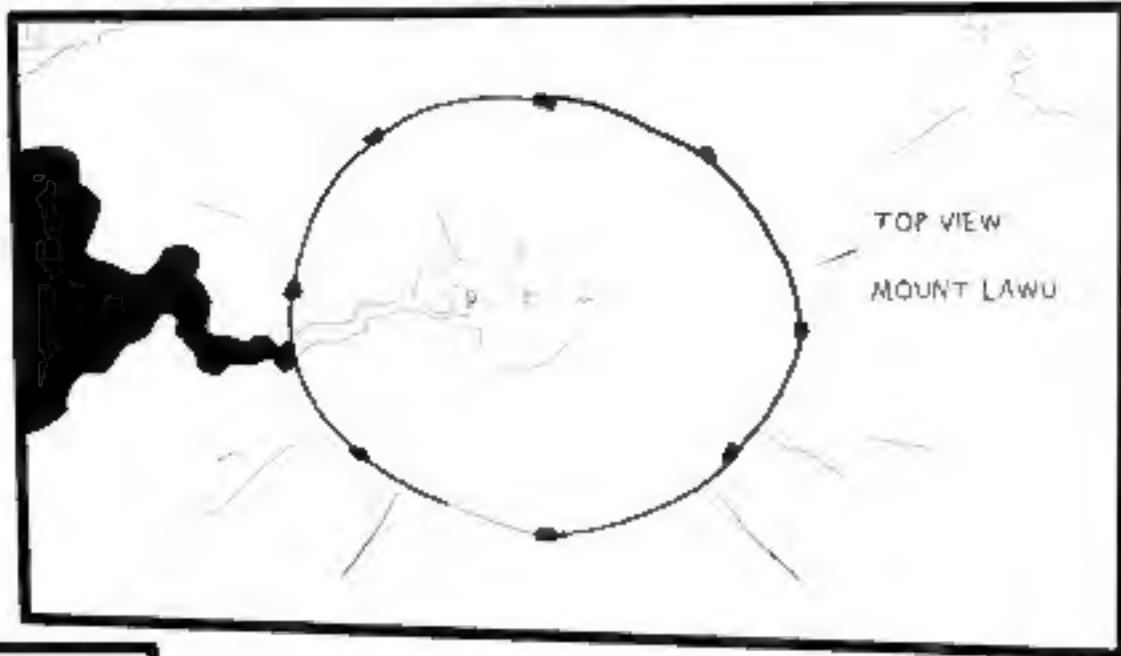

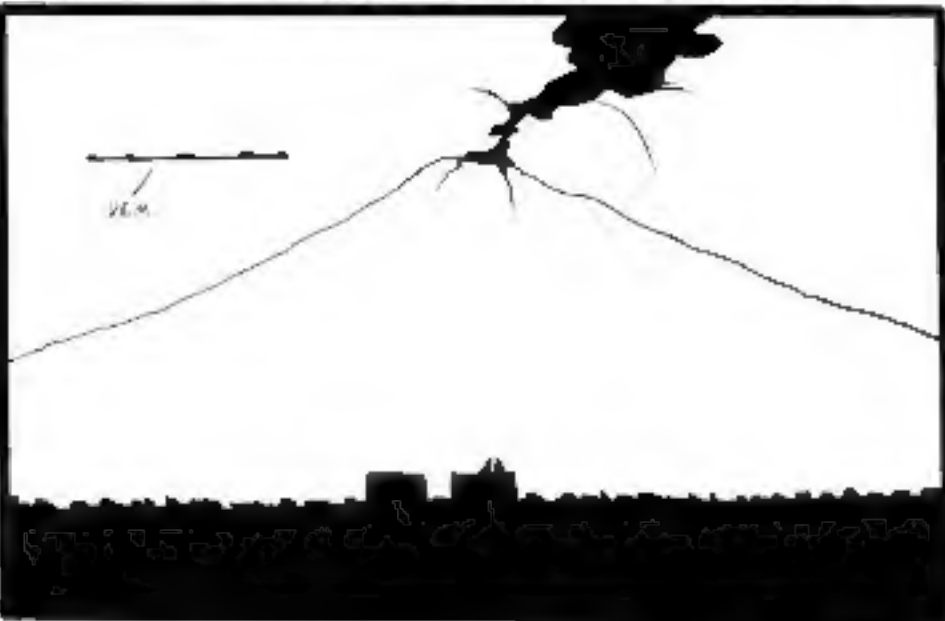

THIS COULD HAVE CAUSED THE CLOUD LAYER TO THICKEN, THREATENING TO COOL THE EARTH TO DANGEROUSLY LOW TEMPERATURES

THICKENING

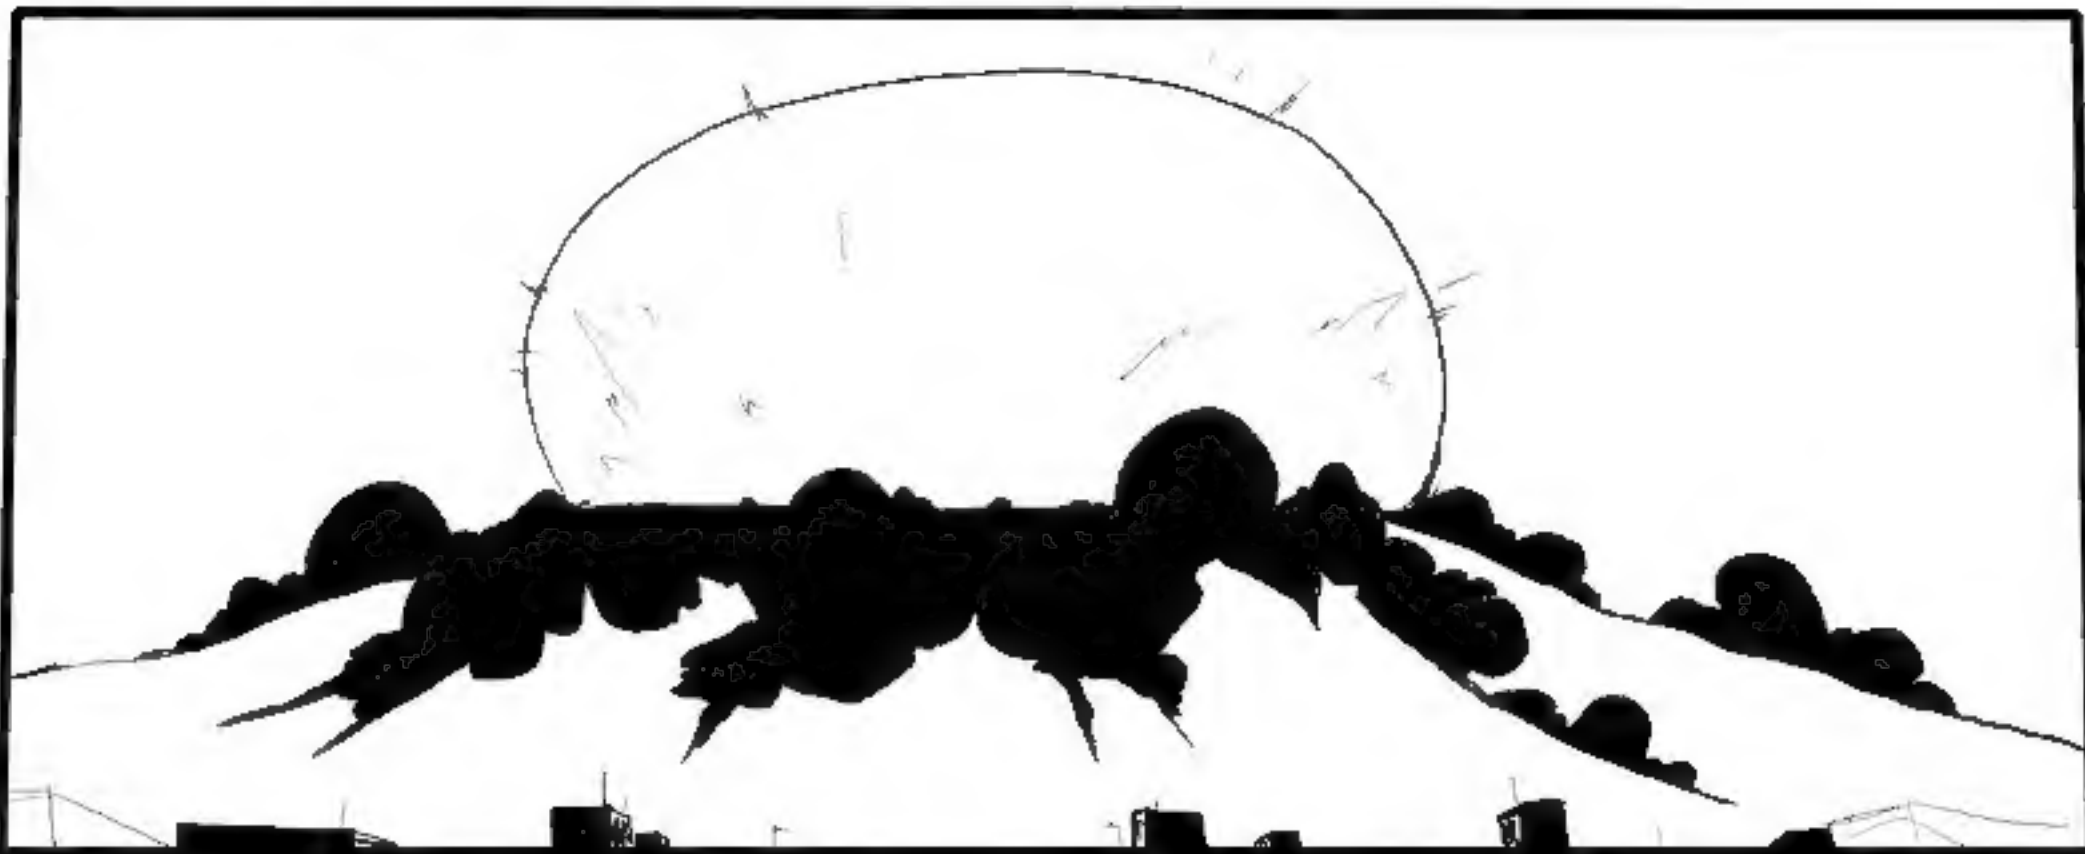

AT THAT TIME, JAYA ABADI CARRIED OUT A RESCUE MISSION KNOWN AS "DEUS EX MACHINA"

THE MISSION HALF-FAILED, AS THE DEUS EX MACHINA AIRCRAFT WAS NOT ABLE TO LOCK ON TO MOUNT LAWU PROPERLY

THIS CAUSED HOT ASH TO SPREAD THROUGHOUT THE CITY, KILLING 364,117 PEOPLE

THIS WAS ALL THE WORK OF ONE MAN ON THAT PLANE

RAAS BUSOK

FROM THE BEGINNING, RAAS BUSOK WAS THE ONE PERSON UTOMO TRUSTED MOST.

HE WAS THE PERSON WHO HELPED UTOMO COLLABORATE WITH THE GOVERNMENT IN BUILDING THE ATOM-O ORGANIZATION.

HE WAS TRUSTED TO CARRY OUT THE DEUS EX MACHINA MISSION

ALONE

THIS WAS BECAUSE UTOMO WAS NOT SOMEONE WHO TRUSTED MANY PEOPLE

UNTIL THE TIME CAME TO CARRY OUT THE DEUS EX MACHINA MISSION

THE DEM AIRCRAFT UNEXPECTEDLY STOPPED AND SPENT A FEW MINUTES BESIDE THE MOUNTAIN

THAT'S WHAT PREVENTED THE AIRCRAFT FROM PROPERLY LOCKING ON TO MOUNT LAWU

AFTER THE INCIDENT, RAAS BUSOK WAS NEVER FOUND.
